REPORT TO THE COMMUNITY
ABOUT THE FOUNDATION
Since 1991, the Jefferson College Foundation has been serving students at Jefferson College through scholarships, grants, emergency assistance, teaching innovations, updated technology, comprehensive programs, and facility improvements.

With the support of alumni, community, and business leaders, the Jefferson College Foundation is positively impacting student lives and preserving the high-quality education students receive at Jefferson College.

The mission of the Jefferson College Foundation is to increase resources, to raise funds, and to cultivate friends and partnerships to support Jefferson College and its mission.

FOUNDATION PERFORMANCE JULY 1, 2021 – JUNE 30, 2022

The Foundation provided 129 students with scholarships, emergency book assistance, and grants and loans in the amount of $177,073 during FY22.

The Foundation provided $50,716 to 22 College programs to enhance student educational experiences.

Areas of Support for Jefferson College

GIFTS TO THE FOUNDATION
Gifts made directly to the Foundation’s Viking Fund provide emergency scholarships and bookstore grants for students, as well as funding requests from College departments and staff, and overall support of the College for capacity building, capital projects, and program support.

Viking Fund
The Viking Fund supports students with scholarships, updated technology, facility improvements, and much more! Your gift to the Viking Fund will positively impact student lives.

Scholarships
The Jefferson College Foundation manages numerous scholarships, both annual named scholarships and endowed scholarships. During the 2021-2022 academic year, the Foundation provided a total of more than $170,000 in scholarships to 118 students.

Athletics
Each of the College’s six teams, including men’s baseball and soccer, and women’s basketball, soccer, softball, and volleyball, regularly compete at high levels. The commitment that has been made by Jefferson College athletes of the past and present, combined with the value-driven mission of Jefferson College, has enabled Viking Athletics to continue to be successful. Your generous gift will be used directly for Viking Athletics where needed most.

Vikings’ Vault
The Jefferson College Vikings’ Vault Food Pantry is stocked with perishable/nonperishable food and personal hygiene items for students in need. Pantries of supplies are located at the College’s Hillsboro and Arnold locations.

Commemorative Brick
The Jefferson College Foundation is offering the opportunity to leave a legacy in brick while paving the way for future scholars! This is an opportunity for alumni and friends to be acknowledged and become a part of the history that is Jefferson College. This exciting project will provide a lasting tribute to friends and family while helping to ensure the continued academic success of our aspiring students. Engraved bricks can be found on the patio outside of the Student Center.

Observatory Project
Jefferson College and the St. Louis Astronomical Society (SLAS) are working together to develop an astronomical observatory in phases near the Softball Field on the College’s Hillsboro campus. The observatory’s purpose is to engage the community to learn more about the science of astronomy and physics. It is the first public observatory in Jefferson County affiliated with SLAS.

BOARD OF DIRECTORS SERVING 2021-2022

Julia C. Hampton, President
Ronald L. Holland, Vice President

The Monticello Society is comprised of individuals, corporations, and organizations whose significant lifetime contributions to the Foundation include bequests, planned gifts, scholarships, in kind, cash, and the transfer of assets. New members are added each year. A reception is held in their honor, at which they are presented with the Jefferson Cup and become permanent members of the prestigious Jefferson College Foundation Monticello Society.

Members of the Monticello Society belong to one of three categories based on their lifetime giving, as follows:

**LEGACY CIRCLE** ($100,000+)

- Mr. & Mrs. Thomas & Vicki Burke
- Community Health Center of Jefferson County
- Commerce Bank, Commerce Bancshares Foundation & The William T. Kemper Foundation
- Dobbs Tire & Auto Centers
- Eagle Bank & Trust, Mr. Mike Walsh
- Enterprise Bank & Trust
- Jefferson Foundation
- Mr. & Mrs. David & Glenna Mangelsdorf
- Mercy Hospital Jefferson
- Mr. & Mrs. Thomas & Linda Murry
- Sapauge Motor Company

**PATRON CIRCLE** ($50,000-$99,999)

- Mr. & Mrs. William & Debbie McKenna
- Ms. Beverly Meyers
- Missouri Scholarship & Loan Foundation *
- PEO Chapter FJR
- Mr. & Mrs. Charles & Anna Sheehan
- Sheet Metal Contractors Inc.
- Spire (Formerly Missouri Natural Gas Company)
- St. Anthony’s Medical Center
- The Jack & Edith Stewart Family
- Dr. Kenneth Studyvin *
- Twin City Chamber of Commerce
- Twin City Toyota
- Mr. Roger C. Zacher Sr.
- Zion United Methodist Church

Edith Stewart (right) and her family celebrate years of supporting Jefferson College.

The Monticello event provides good food and good fellowship, celebrating the Foundation’s top donors.

Jennifer and Justin Hansen (center) joined the Patron Circle after fully funding an endowed scholarship in 2021.

The faculty and staff have all been very supportive and encouraging. Through their belief in me, I eventually came to believe in myself as well and realize that I did indeed belong here on the Jefferson College campus. So, again, thank you for your belief in me and reinforcing my sense of belonging.

Tammy, scholarship recipient
Grant Funding Provides Additional Opportunities for Students

Health Occupation Programs

In November, the Jefferson Foundation announced $128,391 from two awards in funding to the Jefferson College Foundation. The first grant award continues the support of 18 healthcare scholarships for students entering the College’s Health Occupation Programs: Bi-level Nursing, Physical Therapist Assistant, Occupational Therapy Assistant, Radiologic Technology, Health Information Technology, and Veterinary Technology.

The second grant funds the purchase of six new nursing simulator mannequins. These mannequins will allow Jefferson College’s Nurse Education Simulation Technology suite (NEST) to update several of its outdated pieces of simulation equipment. This enables students to perform high-risk and repeated low-risk activities that they would have limited access to within the formal clinical setting. This allows our nursing and other health occupation students to be highly skilled clinicians when completing their education programs.

Patient Care Technician Program

The Missouri Scholarship and Loan Foundation (MOS&L) awarded the Foundation a $30,000 grant to purchase program-specific items for the Patient Care Technician (PCT) program. The grant was established to support college-to-career initiatives through workforce development services. The College PCT program prepares individuals for employment primarily in a hospital setting, and the course scheduling provides convenient evening and weekend options for those challenged with dependent care.

This is the second grant provided to the Foundation by MOS&L. Last year MOS&L provided $20,000 in support of racial diversity programs at Jefferson College. The Foundation values this partnership, and looks forward to strengthening this relationship for future students.

Special Circumstance Scholarships

The Mysun Charitable Foundation provided $20,000 for Special Circumstance Scholarships. These scholarships are dedicated to those students facing significant financial hardships, including homelessness, family incarcerations, and unemployment. This is the fifth year Mysun has awarded this grant to the Foundation, and combined with the Foundation’s emergency assistance scholarships, these funds provide the support to continue educational goals to completion.

Precision Machining Technology Program

The Jefferson College Precision Machining Technology (formerly Computer Integrated Manufacturing) program was awarded a $12,000 grant from the Gene Haas Foundation for student scholarships, instructional materials, industry credentialing, and other efforts that promote advanced manufacturing education.

Currently there is a high demand for manufacturing technicians and skilled tradespeople in Jefferson County and the surrounding region. In many instances, jobs are so plentiful that there are not enough workers to fill needed positions. Most students in the Jefferson College PMT program receive job offers before they complete their training.

This is the fifth consecutive year that the PMT program has received grant funds from the Gene Haas Foundation, whose primary goal is to build skills in the machining industry by providing scholarships for CNC technology students and credentialing by the National Institute of Metalworking Skills (NIMS).
Supporting Quality Education

Athletics Fundraising

Athletics fundraising for men’s baseball, women’s softball, women’s volleyball, and the general athletic program this year produced $70,056 in resources for immediate team and program use. The Foundation has utilized online campaigns for each team, as well as online registration options for camps and events. The Foundation’s online giving system produces an efficient and effective fundraising process for every athletic team.

Volleyball Team Finishes #10 at National Championship Tourney

Congratulations to the Vikings volleyball team and coaches on finishing the 2021 season ranked #10 in the country after competing at this year’s NJCAA national tournament in Kansas—their first appearance since 2010. The mighty Vikings fought valiantly against the top teams in the U.S. while representing Jefferson College with class and valor.

The Foundation celebrated the Vikings volleyball team’s tournament accomplishment by supplying each student athlete with a goodie bag to take on the trip to the tournament.

The Foundation provides more than $50,000 to College requests

The Foundation Board of Directors approved 22 funding requests made by various College departments, programs, and staff totaling $50,716 during FY22. Each request was considered and approved by the entire Board, and these actions provide the Directors with first-hand participation in providing resources to the College.

Examples of funded requests:

- Social Work student trip to Jefferson City
- Yard signs for graduating seniors attending Jefferson College
- Netting for the baseball/softball batting cage
- Digital drawing tablets for the Fine Arts MAC lab
- Production of the Controlled Chaos creative writing book
- Portable ultrasound machine for the EMT program

The Jefferson College Foundation supports departments, committees, and programs, as well as faculty/staff professional development, through its funding request process.

Jefferson College Foundation Spring Virtual Auction

Thanks to the generosity of those who participated in the Virtual Auction, the Foundation reached its goal of raising more than $40,000! The funds raised at the auction provide students and the College with much-needed resources necessary to achieve a quality education and a successful future.

Special thanks go out to the Jefferson College faculty and staff, committees and departments, who contributed to the auction. The auction contained 182 items, and 169 bidders participated in the fun event, which ended April 2 with the raffle drawings. The four raffles alone raised $3,220.

Knowing there are institutions or individuals out there that are willing to help students in need like me is inspiring. I will continue to study hard to make your effort worthwhile.

Ellen Scholarship Recipient

I am in my final semester at Jefferson College and feel this is a great opportunity to help pave the way for my future. Thank you for the generous gift, I will do my best in order to make the greatest of what is to come.

Raelyn Scholarship Recipient
34th Annual Viking Classic Golf Tournament

Thank you to everyone who participated in the 2021 Viking Classic Golf Tournament! The event was held August 27 at Oak Valley Golf Course in Pevely, MO. Although it was a hot August day, the Foundation hosted a full 36-team event. The event had a number of volunteers from the College, including a few student athletes who helped with set up and fundraising activities during the tournament.

The golf tournament proceeds were split between the Athletic Department and the unrestricted Viking Fund, and the net result from the day was more than $30,000!

New Degree Options Offer Flexibility

To provide additional career pathways for students, the College introduced two new associate degree options this fall—Biology and Computer Information Systems-Cyber Security. With the new programs, students can discover success by choosing from more than 50 outstanding fields with pathways that offer on-site, online, and hybrid flexibility.

100% Pass Rate Achieved on Licensure Tests

Law Enforcement Academy graduating classes continued the longstanding consecutive streak of achieving a 100% pass rate on the POST (Peace Officer Standards and Training) license exam. Graduates of the Physical Therapist Assistant and Radiologic Technology programs also achieved 100% completion rates on their certification examinations, underscoring the quality of instruction at the College.

PTK Honor Society “Reaches” for Excellence

For the sixth consecutive year, the Jefferson College Xi Zeta chapter of Phi Theta Kappa international honor society was named a national REACH chapter for bringing the benefits and opportunities of PTK participation by increasing membership.

Putting Students First

Opportunity lies at the heart of every decision and action the College takes to fulfill its mission of service to students, our community and the region. Overlapping many of the Foundation’s accomplishments, the following highlights illustrate several of the College’s successes over the past year as a vibrant, innovative institution.

The cost of school is sometimes stressful and scary to think about, but you have lifted some weight off my shoulders and I am indebted to be chosen.

Marissa, Scholarship Recipient

I dream of one day owning my own HVAC business, and without financial support, it would be nearly impossible to do so. Thanks to your generosity, I am getting closer and closer to my goal. I cannot express how grateful I am for this scholarship.

Robert, Scholarship Recipient

Lecture Hall Renovations Modernize Learning Spaces

Marking the first significant renovations to the much-used Lecture Halls since the Arts and Science I building was constructed in 1955, the spaces underwent a complete modernization with new seating, lighting, accessibility, and instructional technology improvements. The grant-funded project will provide quality learning environments for years to come.
Interactive Learning Workshop Takes Girls “From Tutus to Tool Belts”

During the first ever “From Tutus to Tool Belts” program at Jefferson College, partially sponsored by the Foundation, girls in grades 5-8 (and their parents) experienced the excitement of HVAC careers by participating in several hands-on learning activities led by program faculty. It was a unique opportunity to engage females in trade-related career fields as viable career pathways after high school. Given the popularity and success of this year’s event, the workshop will continue with the hopes that it can be expanded to many other trades programs at the College.

Alumna of the Year Grateful for Jefferson College Education

Graduate Kim Robertson (’89) of Imperial was named the 2022 Alumna of the Year. She used her education as the gateway to a successful journalism career, presently serving as Leader Publications Editor, having worked her way to the top after roles as an adjunct English instructor at several institutions (including Jefferson College) and in a variety of positions at the newspaper. “I am grateful for the education I received at Jefferson College, which I believe contributed to my later academic and professional success,” she said. “I had some excellent professors and instructors and they helped instill in me a desire to continue my education. In addition, my education at Jefferson College helped me develop the writing skills that have served me well since then.”

Community-Centered Program Provides Free Oil Changes for Vets

As a way to thank veterans for their service to our country, students and faculty from the Jefferson College Automotive Technology program proudly provided complimentary oil changes to area veterans. Underwritten by Dobbs Tire and Auto Centers, AutoZone, and NAPA, the service project accommodated about 60 vehicles in its first year on the Hillsboro campus.
