

UMR Vision Coverage

Jefferson College offers vision coverage through UMR. All you need to do is choose a vision provider and present your medical identification (ID) card to your chosen provider. Be sure to tell the provider that UMR Vision does not use a network. Please reference the next page for more information.

The table below summarizes the key features of the vision plan. Please refer to the official plan documents for additional information on coverage and exclusions.

Contact UMR Vision at 800-826-9781 or www.UMR.com

UMR Vision Coverage

UMR vision coverage

An important part of your medical plan

Your employer has chosen UMR Vision as part of your medical benefits. Your vision coverage is included within your medical plan.

How your vision coverage works

Your UMR vision coverage offers you the convenience of choosing any vision provider without network restrictions.

All you need to do is choose a vision provider and present your medical identification (ID) card to your chosen provider. Be sure to tell the provider that UMR Vision does not use a network.

The provider can then call the number on your ID card to obtain your vision benefits. A UMR customer service representative can answer any additional questions when the provider is verifying your benefits.

Submitting your vision claims for payment

There are a couple of ways you can submit your vision claims for payment:

- You can go to the umr.com member location and select **I need to...Find a form**. Select the **Medical Claim Form (EZ Claim)** and follow the instructions to complete and submit the form by email, fax or standard mail.
- You can also print the form and take it with you on your vision visit. The form includes instructions and the same multiple delivery options your vision provider can use to get your claim submitted and processed.

If you have any other questions about your vision coverage, please call the customer service number on the back of your ID card.
