Jefferson College and St. Louis University Articulation Agreement Expands Transfer Education Pathways

In an effort to expand transferability for students who earn their Associate of Arts degree at Jefferson College, a new partnership has been established giving graduates the opportunity to transfer to St. Louis University to complete a Bachelor of Science degree. The new “2+SLU” transfer articulation agreement builds an educational pathway that leads to further degree attainment and student success.

The 2+SLU Jefferson College option is designed to be flexible. Jefferson College students who are seeking an associate degree can opt-in to the program at any point.

Available 2+SLU Jefferson College baccalaureate degrees through St. Louis University include:

- Accounting
- Analytics and Enterprise Systems
- Economics
- Entrepreneurship
- Finance
- Information Technology Management
- International Business
- Leadership and Human Resource Management
- Marketing
- Sports Business

“Jefferson College and SLU have come together to ensure a flexible pathway for students,” said Jefferson College President Dr. Dena McCaffrey. “This new articulation agreement is another way Jefferson College is reaching out to four-year colleges and universities to provide options for our students to complete a bachelor’s degree so that they can achieve their career and personal goals.”

“Quote from SLU designated representative…”
For Immediate Release

Participating students can take up to three years to complete the associate degree portion of a published program plan. For example, students following a 2020-2021 program plan will have until spring 2024 to transfer to SLU.

The agreement will go into effect with the fall 2020 semester, allowing Jefferson College students who have completed their associate degree to begin at SLU immediately.

At the heart of the 2+SLU agreement is the introduction of official Program Plans.

- Program Plans provide a guided pathway for students that ensures they complete the appropriate courses at Jefferson College and their desired major at SLU.
- Program Plans guarantee the SLU requirements completed at Jefferson College will not change for the entirety of students’ academic career at SLU regardless of the amount of time at SLU.
- The publication of these Program Plans in the Saint Louis University Academic Catalog ensures academic unit review each year and a commitment to maintain their accuracy.
- Program Plans can be added or removed according to how program curricula or student interest evolves.
- Each participating major/program at SLU will publish a Program Plan particular to its requirements.
