Dear Sponsor:

Thank you for joining us today. Your help is appreciated.

Your packet contains a score card and the certificates. Exams and a corresponding answer key will be distributed in room 207 after the test begins. If corrections and/or additions to the certificates are required, please see the staff in room 110 for assistance.

Please report with your team to the room assigned on the enclosed page. Once the students are seated, please help pass out the score cards and tests.

Once the testing is underway, we will be depending on you to help with the testing supervision. Remember that no calculators are allowed.

Refreshments are available upstairs in room 207. Please help yourself. While you're doing so, we hope you'll have a moment to unwind and to introduce yourself to some of the sponsors from neighboring schools who are also participating in the Math Contest today.

All sponsors must report to Room 207 at 11:00 a.m. to score and tabulate the test results. If a sponsor from your team is not present, we cannot guarantee that your students' scores will be included in the contest.

The cafeteria, in the lower level of the Student Center is open for lunch. The students may want to meet there after the test to relax. Enclosed are the lunch choices.

The awards assembly will begin at **12:45** p.m. in the Fine Arts Theatre.

The Math Department Faculty of Jefferson College would like to express our appreciation for your support of your students and their attendance at the Annual Jefferson College Math Contest.

Thank you,

John Johnny
