**Program Description:**

The Welding Technology curriculum combines not only advanced welding skills but related technical courses designed to prepare students for employment as welders, welder-fitters, specialist welders, or ultimately, welding supervisors, analysts, inspectors, and welding technicians. The American Welding Society standards are stressed.

**Admission Requirements:**

There are no specific admission requirements for this program. Welding coursework requires reading and a level of math proficiency. Certain general education coursework requires specific measures for placement. See [www.jeffco.edu/future-students/admissions/math-english-placement](http://www.jeffco.edu/future-students/admissions/math-english-placement) or consult an advisor for more information.

**Department Faculty Advisors:** Joe Candela

**Jefferson College Program Highlights:**

In 2011 the Jefferson College Welding Technology program underwent a major renovation. The welding lab was relocated to its current location where new welding machines were purchased to keep up with today's latest welding technology. Along with new machines, a state of the art fume removal system was installed to maintain a healthy environment ensuring the safety of our students. Other equipment upgrades include a Lincoln Electric virtual welding machine, Torchmate automated plasma cutter, ¼" capacity hydraulic shear, and horizontal band saw. The Jefferson College Welding Technology program is an AWS SENSE certified school as well as a certified AWS Educational Institutional Member. The program also participates annually in the Skills USA program.

**Transfer Information:**

Courses with this symbol are guaranteed to transfer to any public college or university in Missouri.

Pursuing a higher degree? Get the most credit for your transfer and earn your Bachelor's degree from Missouri Baptist University by attending MBU courses at the Jefferson College, Hillsboro campus!

Certificate courses apply directly to the Associate of Applied Science degree in Welding Technology, which will transfer to Missouri Baptist University's Bachelor of Science in Applied Management.
