COMPUTER

BEGINNING QUICKBOOKS
(CP1906)
An introductory course of the QuickBooks Pro accounting software, including setting up a new company and chart of accounts; recording transactions with customers, vendors, and employees; managing lists, running and customizing reports; changing forms and generating letters. A book is included within this fee. Students must furnish own flash drive to save classroom assignments.

SECTION 0
DAY/DATE/TIME: R, September 19 – October 10
6:30 – 9:30 p.m.
LOCATION: JCA 101
SESSIONS: 4
INSTRUCTOR: Teresa Dorshorst
FEE: $125.00
REFERENCE # 12366

BEGINNING ACCESS 2016
(CP1930)
Students will learn the basics of this powerhouse database system. Topics include Getting Started with Tables; Working with Forms; Querying a Database; and Using Reports to Display Information. Excellent course for anyone interested in organizing, sorting, and creating reports for large data projects. A book is included within this fee. Students must furnish own flash drive to save classroom assignments.

SECTION 0
DAY/DATE/TIME: M, October 7-21,
5:30 – 8:30 p.m.
LOCATION: JCA 313
SESSIONS: 4
INSTRUCTOR: Staff
FEE: $125.00
REFERENCE # 12366

BEGINNING EXCEL 2016
(CP1916)
This course will cover a number of key areas of Excel 2016 to help you hit the ground running with the most current version of Excel. Topics include: workbooks, editing, viewing, printing, working with formulas and functions, formatting the contents of the cells and changing the appearance of worksheets. This course is taught on an IBM/PC compatible computer. For maximum benefit, students should have access to one. A book is included within this fee. Students must furnish own flash drive to save classroom assignments.

SECTION 0
DAY/DATE/TIME: R, October 17-31,
6:30 – 9:30 p.m.
LOCATION: JCA 313
SESSIONS: 3
INSTRUCTOR: Staff
FEE: $125.00

---

**PROFESSIONAL DEVELOPMENT**

**Diversity Awareness**  
(PD3-943)  
This Instructor-Led course explores diversity in the workplace. It begins by examining the various aspects of diversity, defining diversity and guiding students through a look at the components of diversity that they personally bring with them. The impact of perception is also examined. Stereotypes are identified and defused through an experiential exercise. Techniques to manage conflict successfully, communicate with respect, confront others who do not appreciate a diverse workplace and handling sensitive situations are examined. Participants will take a Diversity Awareness Profile (DAP) as part of the course.

**SECTION 0**  
**DAY/DATE/TIME:** TBD  
**(call 636-481-3144 for details)**  
**LOCATION:** Room 325  
**SESSIONS:** 1 (4 hours)  
**INSTRUCTOR:** Mr. Gary Underwood  
**FEE:** $119 (Includes DAP Diversity Awareness Profile Assessment and instructional materials.)

---

**Lean Six Sigma Overview**  
(MGT-902)  
Lean Six Sigma business strategies combine the use of Lean Enterprise tools and the DMAIC (Define-Measure-Analyze-Improve-Control) problem solving process to eliminate waste and resolve problems that were previously considered unsolvable. The primary benefit of this overview is to provide a clear understanding of both Lean and Six Sigma disciplines in order to provide clarity in their similarities and differences. This is a four hour instructor led interactive workshop designed for business owners, managers, and decision makers.

**SECTION 0**  
**DAY/DATE/TIME:** TBD  
**(call 636-481-3144 for details)**  
**LOCATION:** Room 325  
**SESSIONS:** 1  
**INSTRUCTOR:** The QL Group  
**FEE:** $49.00  
**REFERENCE #:** 12369

---

**Six Sigma Green Belt**  
The Six Sigma Green Belt training program blends classroom instruction and exercises with real life project mentoring and problem solving. During the training, each participant will be assigned to a Six Sigma project team to solve a problem within their organization. Problem solving exercises, project mentoring, and presentation of project finding follow each day’s instruction. Training attendees typically come from operations, quality and engineering staff functions. Whatever the student’s background, the Green Belt training is based on the building blocks to bring the novice and journeyman to a similar level of effectiveness as a Six Sigma practitioner. The training is also designed to prepare the participants to pass the ASQ CSSGB exam.

**SECTION 0**  
**DAY/DATE/TIME:** TBD  
**(call 636-481-3144 for details)**  
**LOCATION:** Room 325  
**SESSIONS:** 10

Certified Medication Technician (CMT) Orientation/Application Fee

This is an application fee for the CMT Program and covers the cost of the required alcohol/drug screening and other associated costs.

SECTION: 0
DAY/DATE/TIME: Arranged
SESSIONS: 1
INSTRUCTOR: Sandy Nappier
FEE: $99.00
REFERENCE #: 3

Certified Medication Technician (CMT)

(HEA960) The Certified Medication Technician program prepares individuals for employment as a CMT in an intermediate or skilled care nursing facility. This program consists of 60 classroom hours of instruction and a minimum of 8 hours of clinical practice under the direct supervision of an instructor. The class consists of instruction in: basic review of body systems and medication effect on each system; medical terminology; infection control; and medication classifications.

*Mandatory 8 hour clinical at a facility is required to complete the program. Instructor will arrange the clinical. Must successfully complete a written examination and final practicum exam before a certificate can be issued.

PREREQUISITE: Must be a Certified Nurse’s Aide for at least 6 months prior to admission and maintain CNA employment throughout the training. Must complete WorkKeys testing in Applied Math, Graphic Literacy, and Workplace Documents through Missouri Division of Workforce Development prior to admission.

DAY/DATE/TIME: TR, September 24 - November 14
LOCATION: JCA325
SESSIONS: 16
INSTRUCTOR: Ginger Hand
FEE: $870.00

Insulin Administration

(HEA966) Course will present information on diabetes, including symptoms, medications, and treatment. In addition, insulin administration, infection control practices, and observation techniques will also be taught in order to qualify students to perform this procedure at long-term care facilities in Missouri. This course includes 4 hours classroom instruction with a written test, and a separate 2 hour practicum session to be scheduled with instruction.

SECTION
DAY/DATE/TIME: TWR, November 19-21, 5:00 – 9:00 p.m.
LOCATION: JCA325
SESSIONS: 3
INSTRUCTOR: Ginger Hand
FEE: $125.00

Certified Logistics Technician (CLT)

NEW!

The purpose of the Certified Logistics Technician (CLT) program is to recognize through certification individuals who demonstrate mastery of the core competencies of material handling at the front-line (entry-level through front-line supervisor) through successful completion of the certification assessments. The goal of the CLT certification program is to raise the level of performance of logistics technicians both to assist the individuals in finding higher-wage jobs and to help employers ensure their workforce increases the company’s productivity and competitiveness. The CLT program consists of two parts: The foundational-level Certified Logistics Associate (CLA) Certificate and the mid-level technical CLT Certification. Before setting for the CLT assessment, candidates must have a CLA Certificate. The CLT Certification addresses the core technical competencies of higher skilled, frontline material handling workers in all supply chain facilities: in factories, warehouses, distribution centers and transportation companies. MSSC awards the foundational-level Certified Logistics Associate (CLA) certificate and the mid-level CLT certification. CLA is a prerequisite for CLT.

FOUNDATION-LEVEL

Certified Logistics Associate (CLA)

• Demonstrate an understanding of the various roles in global supply chain logistics life cycle
• Demonstrate an understanding of the logistics environment
• Operate and use equipment
• Practice safety principles
• Practice safety principles in the handling of materials and operation of equipment
• Practice quality control principles
• Employ work communication practices
• Practice teamwork and good workplace behavior to solve problems
• Use relevant computer systems and applications to increase productivity

Certified Logistics Technician (CLT)

• Receive products
• Stock products
• Process product orders
• Prepare packages for shipment and ship products
• Maintain control of inventory
• Handle hazardous materials in a safe manner
• Evaluate transportation modes
• Perform dispatch, routing and tracking operations
• Understand U.S. measurements and metric system conversions

SECTION: 1
DAY/DATE/TIME: Wed./Thur. Evening and day classes
LOCATION: Jefferson College Arnold
SESSIONS: TBD
INSTRUCTOR: Kevin Davault
FEE: $1,475 Funding for the training may be available for the program from several job training programs.

The Program Includes:

• 70 hours of Instruction
• CLA Online Course Supplement with Textbook
• Student Registration Fee
• CLT Online Course Supplement with Textbook
• CLA (MSSC) Assessment
• CLT (MSSC) Assessment

DAY/DATE/TIME: TBD, 5:00 – 9:00 p.m.
(call 636-481-3144 for details)
LOCATION: JCA325
SESSIONS: 1
INSTRUCTOR: Charles Redecker
FEE: $59.00

Plumbing Estimation
(PD4 982)
This course will explain how to successfully estimate drain, waste, and vent water systems. This course will also focus on obtaining material takeoff and how to put together a successful bid proposal and prepare a contract. This course has been approved by the Jefferson County Code Enforcement Board as an ELECTIVE course worth 2 PEU’s toward the current cycle for Plumbers, Drain layers, and Lawn Irrigation professionals.

SECTION 0
DAY/DATE/TIME: TBD, 5:00 – 9:00 p.m.
(call 636-481-3144 for details)
LOCATION: JCA325
SESSIONS: 1
INSTRUCTOR: Charles Redecker
FEE: $59.00

Plumbing Math
(PD4988)
We will learn how to use the formulas for computing pipe angle measurements. We will compute decimals, fractions, water pressure, melting points, pipe and pipefitting data and threaded pipe take off and cutting. Students will need to bring a small calculator, paper and pencils for working on math calculations. This course has been approved by the Jefferson County Code Enforcement Commission for 2 PEU credits toward the license training requirement for Jefferson and St. Louis County.

SECTION 0
DAY/DATE/TIME: TBD, 5:00 – 9:00 p.m.
(call 636-481-3144 for details)
LOCATION: JCA325
SESSIONS: 1
INSTRUCTOR: Charles Redecker
FEE: $59.00

Plumbing Code Part 1
(PD4980)
This course will explain the sections of the 2009 International Plumbing Code and what sections of the code to look up for specific answers to ensure code standards. We will review the Jefferson County amendments and how they affect plumbing installations. This course has been approved by the Jefferson County Code Enforcement Board for 2.0 PEUs toward the current cycle for Plumbers, Drain layers, Sprinkler fitters, and Lawn Irrigation professionals.

(call 636-481-3144 for details)
LOCATION: JCA325
SESSIONS: 1
INSTRUCTOR: Charles Redecker
FEE: $59.00

Plumbing Blueprint Reading
(PD4 981)
This course will explain how to successfully interpret plumbing drainage and water distribution systems with a focus on material take-off and how to make and understand isometric drawings. This course has been approved by the Jefferson County Code Enforcement Board for 2 PEU’s toward the current cycle for Plumbers, Drain layers, Sprinkler fitters, and Lawn Irrigation professionals.

SECTION 0
DAY/DATE/TIME: TBD, 5:00 – 9:00 p.m.
(call 636-481-3144 for details)
LOCATION: JCA325
SESSIONS: 1
INSTRUCTOR: Charles Redecker
FEE: $59.00
Plumbing: Backflow Prevention
(PD4987)
We will discuss the degree of hazards per prevention class. We will explain the operation of the vacuum breaker, pressure vacuum, and double check and reduced principle backflow preventer. We will study the State of Missouri Backflow Regulations, and explain the American Society of Sanitary Engineers (ASSE) regulations and requirements for backflow design and installation. This course does not include any hands-on; theory understanding only. This course is has been approved by the Jefferson County Code Enforcement Board for 2.0 PEUs toward the county licensing requirement.

SECTION 0
DAY/DATE/TIME: TBD, 5:00 – 9:00 p.m.
(call 636-481-3144 for details)
LOCATION: JCA 325
SESSIONS: 1
INSTRUCTOR: Charles Redecker
FEE: $59.00

Plumbing Backflow Prevention Training and Certification Program:

Backflow Prevention Assembly Tester Training and Certification Examination (ASSE)
At this forty (40) hour training class, participants will be presented with the guidelines used for acceptable practices of testing backflow prevention assemblies. The participants will also learn the principles of cross-connection control and the methods devices, and assemblies used to protect the potable water system. The training and knowledge provided will prepare the student for the jurisdiction’s recognized examination. On the final day of the training, the ASSE 5110 tester certification examination will be administered. The written exam for an initial tester certification consists of 100 questions and certification candidate must demonstrate the field test procedure for a reduced pressure principle assembly, double check valve assembly, pressure vacuum breaker assembly, and spill resistant vacuum breaker assembly.

SECTION 1
DAY/DATE/TIME: TBD (call 636-481-3144 for details)
LENGTH: 40 hours
LOCATION: Hillsboro ATS Building Repair Classroom
SESSIONS: 9
INSTRUCTOR: Charles Redecker
FEE: $649

Arc Flash (NFPA-70E 2015)
Electrical Safe Work Practices
(PD3-979)
This course is designed to give students knowledge to understand different Electrical Safety Qualifications for a worker to work on or near energized parts or equipment. Students will be instructed on the Prevention of Electrical Hazards, Protection from Electrical Hazards, and how to implement Electrical Best Safe Work Practices. The content in this course is based on the NFPA 70E guidelines. **It is recommended that students bring a copy of the 2015 NFPA-70E manual.

SECTION 0
DAY/DATE/TIME: TBD (call 636-481-3144 for details)
LOCATION: JCA 325
SESSIONS: 2 (4 hours per session)
INSTRUCTOR: Larry Berry
FEE: $75.00

*The Backflow Prevention Reference Manual (Third Edition) is the required text for this course.
OSHA 10-Hour Safety: General Industry
(PRO 994)
This course is designed for the entry-level, general worker. Course topics include: Introduction to OSHA and the OSHA Act, General Safety and Health Provisions, Health Hazards including Hazard Communication and Materials, Focus Four- Electrical Safety, Struck By and Caught In-Between, Fall Protection, Personal Protective Equipment, Hand and Power Tools; and Scaffolds, Stairways and Ladders. Participants will receive a certification card upon successful course completion. Course is taught by Larry Berry, an OSHA-Approved Instructor.

HEALTHCARE

BLS for Healthcare Providers
(PD2 998)

This course is designed for healthcare professionals who need to know how to perform CPR, as well as other lifesaving skills, in a variety of in-hospital and out-of-hospital settings. Each participant must obtain an 84 percent or higher on the written evaluation and demonstrate proficiency in all CPR skills. Skills include one rescuer adult/child/infant CPR AED, two rescuer adult/child/infant CPR AED, bag-mask techniques for adult/child/infant, rescue breathing for adult/child/infant, and relief of choking adult/child/infant. Written and practical skills (hands on mannequin simulation) evaluation and testing are required for course completion. Upon successful completion, participants will receive a BLS for Healthcare Provider course completion card, valid for 2 years.

SECTION 2
DAY/DATE/TIME: W, October 16, 5:00 – 10:00 p.m.
LOCATION: CTE166
SESSIONS: 1
INSTRUCTOR: Richard Stephenson
FEE: $65.00
REFERENCE #: 27174

Certified Nurse Assistant Orientation/Application Fee

(HEA955)
Required Orientation to prepare students for CNA class. Must pay $125.00 application fee and successfully complete WorkKeys testing prior to orientation. Student must bring unexpired Driver’s License or State I.D. to orientation. Students will participate in mandatory Basic Life Support class at 5:00 p.m., after orientation.

SECTION 0
DAY/DATE/TIME: September 4, 3:00 – 4:30 p.m.
LOCATION: CTE166
SESSIONS: 1
INSTRUCTOR: Sandy Nappier
FEE: $125.00

DAY CLASS
Certified Nurse Assistant (Day)

(HEA954)
The Certified Nurse Assistant (CNA) Program is designed to teach students how to perform basic nursing skills for residents in a long-term care facility under the supervision of Charge personnel. Successful completion of this course enables student to take the State written and practicum examination for Certified Nurse Assistant. This eight-week course meets the required 75 hours of classroom training and 100 hours of supervised on-the-job training in an approved long-term care facility, as mandated by the Missouri Department of Health and Senior Services.

Note: Acceptance into the CNA Program is conditional upon meeting specific pre-determined criteria. Additional fees for books and course supplies are not included in the listed price. Tuition assistance may be available.

SECTION 0
DAY/DATE/TIME: September 9, 8:00 a.m. – 2:30 p.m.
LOCATION: JCH Lecture Clinical- Arranged
SESSIONS: 32
INSTRUCTOR: Karen Amsden/Lori Casteel
FEE: $1800.00

Medical Assistant Program

(PD4921)
This hybrid, innovative course prepares students for employment as a Certified Clinical Medical Assistant or a Certified Medical Administrative Assistant. Course consists of 515 hours of online instruction, 40 hours of instructor led Pre-Clinical Academy, and 130 to 180 hours of on-site clinical experience. Upon completion of all components, the student will take the certification test for CCMA or CMAA. Cost of the certification test is included in this course. Orientation is held once per month followed by onboarding into program two weeks after orientation. It is anticipated student will complete training program in 12 months or less. Note: Tuition assistance may be available.

Construction & Mechanical Occupation (CAMO) Academy
(PD5944)
This course is designed to provide participants with a quality pre-apprenticeship and occupational exploration experience leading to acceptance into a skilled apprenticeship program, enrollment in career technical training program, and/or related employment. Program will include career assessment, work readiness assessment/instruction, OSHA safety training, job search skills training, and career technical training. Student may choose one of two pathways: Construction Trades or Mechanical Trades.

DAY/DATE/TIME: TBD (call 636-481-3144 for details)
LOCATION: Area Technical School
SESSIONS: 24
INSTRUCTOR: Staff
FEE: $2595.00 (*Grant funding & tuition assistance available)
CONSTRUCTION TRADES

HVAC Mechanical Code
(PD3 967)
This course is designed for HVAC professionals with an emphasis on the mechanical code and meets the requirement for professional development for HVAC contractors. Many municipalities require licensed professionals to install equipment; which requires advanced skills, knowledge and experience to ensure correct installations. Permits are required and only a licensed HVAC or Electrical master can apply for permits in some jurisdictions. The following is an overview of the what will be covered in the HVAC Mechanical Code Course: Mechanical Code Overview; Mechanical Code Administration, and Basic Installation of Mechanical Equipment. Ventilation Code Overview-Ventilation; Exhaust Systems, Duct Systems, Combustion Air, Chimneys and Vents, and Special Appliances, Fireplaces, and Solid Fuel Burning Appliances. Boiler Code Overview-Boilers, Water Heaters, and Pressure Vessels; Refrigeration Overview- Refrigeration; Hydronic Piping, Fuel Oil Piping and Storage, and Solar Systems will also be covered. Note: A textbook, not included in the course fee, must be purchased for this course.

PLUMBING BACKFLOW PREVENTION TRAINING & CERTIFICATION PROGRAM

Backflow Prevention Assembly Tester Training & Certification Examination (ASSE)
At this forty (40) hour training class, participants will be presented with the guidelines used for acceptable practices of testing backflow prevention assemblies. The participants will also learn the principles of cross-connection control and the methods devices, and assemblies used to protect the potable water system. The training and knowledge provided will prepare the student for the jurisdiction’s recognized examination. On the final day of the training, the ASSE 5110 tester certification examination will be administered. The written exam for an initial tester certification consists of 100 questions (and) certification candidate must demonstrate the field test procedure for a reduced pressure principle assembly, double check valve assembly, pressure vacuum breaker assembly, and spill resistant vacuum breaker assembly.

SECTION 1
DAY/DATE/TIME: Arranged (call 636-481-3144 for details)
LENGTH: 40 hours
LOCATION: Hillsboro ATS Building Repair Classroom
SESSIONS: 9
INSTRUCTOR: Charles Redecker
FEE: $649

*The Backflow Prevention Reference Manual (Third Edition) is the required text for this course.

Backflow Prevention Assembly Tester Recertification Training & Examination (ASSE 5110)
During this eight (8) hour training, participants will review the guidelines used for acceptable practices of testing backflow prevention assemblies. The participants will receive the information and skills to help them pass the American Society of Sanitary Engineering (ASSE) Recertification Examination. At the end of the course the recertification examination will be administered. This consists of a written and a hands-on examination. This training is mandatory in order for the tester to re-certify under ASSE program guidelines. The written exam for the tester recertification consists of 25 questions. In the practical examination the candidate must demonstrate the proper field test procedure for a reduced pressure principle assembly, double check valve assembly, pressure vacuum breaker assembly. This class is to re-certify those who were previously certified to perform the inspection of cross connection control and backflow prevention systems. Certification cannot be more than 6 months expired. Provide a copy of your certification card which will be submitted to ASSE upon completion of the course and exam.

Servsafe Certification for Managers
(PRO946)
This certification course is in the ServSafe program format which has become the industry standard in food-safety training and is accepted in most jurisdictions that require employee certification. The ServSafe program provides accurate, up-to-date information for all levels of employees on all aspects of handling food, from receiving and storing, to preparing and serving. Participants will learn science-based information on operating a safe food establishment; something all employees and operators need to know in order to be a part of a food-safety team. Upon successful completion of this course, the resulting certification is good for a period of 5 years. This course is taught by Jefferson County Health Department staff, and meets the Jefferson County Food Service Sanitation Order requirement for managers or operators of food establishments. NOTE: This fee does not include a book.

Basic Life Support for Healthcare Providers (BLS)

This course is designed for Healthcare Professionals who need to know how to perform CPR, as well as other life-saving skills, in a variety of in-hospital and out-of-hospital settings.

Each participant must obtain an 84% or higher on the written evaluation and demonstrate proficiency in all CPR skills.

Skills Include:
- One rescuer adult/child/infant CPR AED
- Two rescuer adult/child/infant CPR AED
- Bag-mask techniques for adult/child/infant
- Rescue breathing for adult/child/infant
- Relief of choking adult/child/infant

Written and practical skills (hands-on mannequin simulation) evaluation and testing are required for course completion. Upon successful completion, participants will receive a BLS for Healthcare Provider course completion card which is valid for 2 years.

NOTE: This course is a pre-requisite for anyone planning on enrolling in the CNA Program. A list of Day/Date/Times will be posted online at www.jeffco.edu – Academics – Continuing Education – Professional Development.

Check back often, for updates, or call the Continuing Education Office for personal assistance.
The Certified Nurse Assistant course is designed to teach students how to perform basic nursing care skills for residents in a long-term care facility under the supervision of charge personnel. Successful completion of this course enables the student to take the State written and practicum examination for Certified Nurse Assistant. This course meets the required 75 hours of classroom training and 100 hours of supervised on-the-job training in an approved long-term care facility as mandated by the Missouri Department of Health and Senior Services.

PROGRAM INFORMATION
- The purpose is to qualify students for employment in a long-term care facility.
- Topics will include the roles and responsibilities of the Nurse Assistant, understanding the elderly, safety, food service, personal care, elimination, restorative nursing and special procedures.
- Methods of instruction will include lecture, skills demonstrations, and clinical demonstration and supervision.
- The program is approximately 8 weeks long and prepares students for the State examinations for certification as a Nurse Assistant.
- The program meets the required 75 hours of classroom and 100 hours of on-the-job supervised training.
- See the Continuing Education Online Course Schedule for times, dates and locations.
- Apply early, since enrollment is limited to 10 students per class.

QUALIFICATIONS OF THE PROGRAM
Students MUST:
- Be at least 18 years of age.
- Have a negative criminal background check.
- Have a negative drug and alcohol test.
- Have passed the Basic Lifesaving Skills (BLS) course.
- Have proof of a social security card.
- Have passed the WorkKeys Assessment with a minimum score of 3 in the required areas of Reading, Locating Information, and Applied Mathematics.
- Complete the CNA Application ($125 Non-Refundable Fee)
- Have a current two-step PPD
- Meet the essential functions of a CNA

*Note: Acceptance into the CNA Program is conditional upon meeting all criteria.

REQUIRED MATERIALS
- Stethoscope
- Black Ink Pens-no gel pens
- Pocket Notebook
- 1” and 2” Binders
- 3” x 5” index cards
- Student Text*
- Gait Belt*
- 2 Clinical Uniforms*
- Watch with a second hand
- White Shoes (no clogs, stingbacks or Croc)

(HEA 954)

COST OF THE PROGRAM
- Tuition - $1800
- Required Materials - $290
  (white shoes not included)
- Application Fee - $125
  (A one-time non-refundable fee which covers the costs of doing the background check, drug and alcohol screen, and the cost of taking the required BLS course.)

*Note: Acceptance into the CNA Program is conditional upon meeting all criteria.
The purpose of the Certified Medication Technician (CMT) training program is to prepare individuals for employment as a CMT in an intermediate care or skilled care nursing facility. The program is designed to teach skills in administration of non-parenteral medications that will qualify students to perform this procedure to assist licensed practical nurses or registered professional nurses in medication therapy.

The course consists of at least 60 classroom hours of instruction and a minimum of 8-hours of clinical practice under the direct supervision of an instructor.

The class consists of instruction in these areas:
- basic review of body systems and medication effect on each system
- medical terminology
- infection control
- medication classifications.

An individual must successfully complete a final written examination and a minimum two-hour final practicum exam before a certificate can be issued and that individual’s name placed on the Missouri State Certified Medication Technician (CMT) Registry.

Student Qualifications:
- Verification of a high school diploma, HiSet Certificate or GED (General Education Diploma).
- Achieves a minimum score of 8.9 on both Vocabulary and Comprehension tests and a minimum score of 7.0 on Mathematics Concepts and Application on the Tests of the Adult Basic Education (TABE). The TABE test is administered by the public education sector.
- Six (6) months of employment as an approved Certified Nurse Assistant (CNA) and listed as active on the Missouri CNA registry before applying to become a CMT.
- Submits a letter to the training agency from the student’s administrator or director of nursing recommending the student take the course.

For more information go to: http://health.mo.gov/safety/cnaregistry/cmt.php

JEFFERSON COLLEGE

WORKFORCE DEVELOPMENT
& CONTINUING EDUCATION

(636) 481-3144  or  797-3000, ext. 3144
www.jeffco.edu/jcce

It is the policy of Jefferson College that no person shall, on the basis of age, ancestry, color, creed, disability, genetic information, marital status, national origin, race, religion, sex, sexual orientation, or veteran status, be subjected to discrimination in employment or in admission to any educational program or activity. Note: If accommodations for a disability are needed, contact the Disability Support Services Coordinator, TC101, (636) 481-3169 or 797-3000, ext. 3169 or platter@jeffco.edu.
The Medical Assistant program provides learners with the knowledge and skills needed to succeed as medical assistants in both clinical and administrative settings. The program is designed to prepare students for both the Certified Clinical Medical Assistant (CCMA) and the Certified Medical Administrative Assistant (CMAA) certification exams.

The Medical Assistant program includes three phases of instruction and clinical experience:

Phase 1: Course Instruction (510 hours of online instruction)
Phase 2: Pre-Clinical Academy Program (Instructor led)
Phase 3: On Site Clinical Experience (Employer led)

WHAT DO MEDICAL ASSISTANTS DO?
Within the large and growing healthcare industry, medical assistants play a key role in keeping a healthcare facility running smoothly. They perform general patient care and handle routine administrative responsibilities that frequently include the following: obtaining patient vital signs, taking measurements, administering oral and parenteral medications, performing wound care, assisting during procedures, labeling and processing specimens, preparing for, performing, and monitoring EKG, managing medical records, and processing health insurance.

WHERE DO MEDICAL ASSISTANTS WORK?
Medical assistants work in healthcare facilities such as physicians’ offices, hospitals, and clinics. The 24/7 nature of healthcare makes night and weekend schedules a possibility; however, most medical assistants work standard daytime hours.

COURSE OBJECTIVES
- Perform general patient care such as obtain patient vital signs, take measurements, administer oral/parenteral medications, perform wound care, and assist during clinical procedures.
- Perform rapid response procedures such as first aid and CPR.
- Perform aseptic techniques such as sterilization, disinfection, and sanitization.
- Prepare for and perform venipuncture.
- Label and process specimens.
- Prepare for, perform, and monitor EKG.
- Communicate to healthcare staff and patients appropriately and professionally.
- Apply knowledge of healthcare law and ethics.
- Perform office administration duties such as scheduling, processing health insurance, basic billing/coding, managing medical records, and inventory supplies.
START A NEW CAREER IN A YEAR OR LESS!

Choose online career training designed to get you working!

Train with Jefferson College to gain the skills you need to quickly start a rewarding new career in an in-demand field.

Available programs include:

- MEDICAL CODING AND BILLING
- MEDICAL TRANSCRIPTION AND EDITING
- MEDICAL ADMINISTRATIVE ASSISTANT WITH EHR
- PHARMACY TECHNICIAN
- COMPUTER TECHNICIAN
- EXECUTIVE ASSISTANT
- MEDICAL BILLING
- ICD-10 FOR ICD-9 CODERS
- MICROSOFT OFFICE 2010

PROGRAM OBJECTIVES
The Manufacturing Technician Program is based on the MSSC (Manufacturing Skills Standards Council) model with a focus on the following areas: Safety, Quality, Industrial Math, Blueprint Reading and Interpretation, Dimensional Metrology, and Machining. Instruction will focus on manufacturing concepts and actions that can produce higher quality products, increase productivity, achieve greater customer satisfaction, and assure a safe and healthy work environment.

PROGRAM PREREQUISITES
• OSHA 10 (10 hrs)
• WorkKeys NCRC

PROGRAM OVERVIEW
100 class contact hours
• Safety
• Quality
• Industrial Math
• Blueprint Reading and Interpretation
• Dimensional Metrology
• Machining

Method of Instruction:
Lecture/Discussion/Class Demonstration/Labs

Materials & Supplies included:
• Calculator • Notebook • Flash Drive
• Book: Precision Machining Technology (Cengage) 2nd Edition + Precision Machining Technology with online support resource (Mind Tap software)
• Industrial quality tool set (Caliper/Micrometer/Scale)

Required Materials:
• Pencil
• Safety Glasses
• Composition & Spiral Notebooks
• Calipers (provided & included in class cost)
• 6” scale (provided & included in class cost)
• 0-1 micrometer (provided & included in class cost)

Program Cost = $3000
Includes: hands on instruction in manufacturing environment, Precision Machining Technology text book with online support resource (Mind Tap software), laptop computer with Microsoft Office package, jump drive with loaded instructional materials, tool kit (caliper/micrometer/scale), & assistance with job placement.

* College credit for prior learning available upon completion of course
It is the policy of Jefferson College that no person shall, on the basis of age, ancestry, color, creed, disability, genetic information, marital status, national origin, race, religion, sex, gender identity or expression, sexual orientation, or veteran status, be subject to discrimination in employment or in admission or any educational program or activity of the College. The Pharmacy Technician program was developed in collaboration with practicing pharmacists and certified pharmacy technicians to make sure students gain the knowledge and skills needed to succeed and to enter employment.

The program prepares students for the Pharmacy Technician Certification Board (PTCB) exam. The program is one of the only online pharmacy technician programs accredited by the American Society of Health System Pharmacists (ASHP) and Accreditation Council for Pharmacy Education (ACPE).

**COURSE OBJECTIVES**

Online Curriculum – 400 hours  
Externship – 200 hours

- Identify industry basics as well as tools and trends of both retail and institutional pharmacy settings
- Distinguish between drugs of different classifications and their corresponding rules and regulations
- Distinguish between common medication dosage forms
- Properly identify common generic & brand name drugs & their functions
- Identify and describe federal laws affecting pharmacy practice and controlled substances
- Learn proper customer service procedures related to professional communication, appearance, duties, and limits
- Nonsterile Compounding
- Community & Institutional Pharmacy Practices
- Medication Safety
- Inventory Management

**What Do Pharmacy Technicians Do?**

- Receive written prescription or refill requests and verify that information is accurate
- Prepare bulk medicines, fill bottles with prescribed medications and type and affix labels
- Answer telephones, responding to questions or requests
- Maintain proper storage and security conditions for drugs
- Assist customers by answering simple questions, locating items, or referring them to the pharmacist for medical information
- Price and file prescriptions that have been filled
- Mix pharmaceutical preparations, according to written prescriptions
- Maintain and verify inventory
- Clean and help maintain equipment or work areas

**TUITION ASSISTANCE MAY BE AVAILABLE!**
Backflow Prevention Assembly Tester Training & Certification Examination (ASSE)

Length: 40 hours
At this forty (40) hour training class, participants will be presented with the guidelines used for acceptable practices of testing backflow prevention assemblies. The participants will also learn the principles of cross-connection control and the methods, devices, and assemblies used to protect the potable water system. The training and knowledge provided will prepare the student for the jurisdiction’s recognized examination. On the final day of the training, the ASSE 5110 tester certification examination will be administered. The written exam for an initial tester certification consists of 100 questions (and) certification candidate must demonstrate the field test procedure for a reduced pressure principle assembly, double check valve assembly, pressure vacuum breaker assembly, and spill resistant vacuum breaker assembly.
Course Fee: $649
*The Backflow Prevention Reference Manual (Third Edition) is the required text for this course.

Backflow Prevention Assembly Tester Recertification Training & Examination (ASSE 5110)

Length: 8 hours
During this eight (8) hour training, participants will review the guidelines used for acceptable practices of testing backflow prevention assemblies. The participants will receive the information and skills to help them pass the American Society of Sanitary Engineering (ASSE) Recertification Examination. At the end of the course the recertification examination will be administered. This consists of a written and a hands-on examination. This training is mandatory in order for the tester to re-certify under ASSE program guidelines. The written exam for the tester recertification consists of 25 questions. In the practical examination the candidate must demonstrate the proper field test procedure for a reduced pressure principle assembly, double check valve assembly, pressure vacuum breaker assembly. This class is to re-certify those who were previously certified to perform the inspection of cross connection control and backflow prevention systems. Certification cannot be more than 6 months expired. Provide a copy of your certification card which will be submitted to ASSE upon completion of the course and exam.
Course Fee: $395

**Workforce Development & Continuing Education**

(636) 481-3144 or 797-3000, ext. 3144

www.jeffco.edu/jcce
CERTIFIED LOGISTICS TECHNICIAN (CLT) PROGRAM

The CLT Certification addresses the core technical competencies of higher skilled, frontline material handling workers in all supply chain facilities: in factories, warehouses, distribution centers and transportation companies. MSSC awards the foundational-level Certified Logistics Associate (CLA) certificate and the mid-level CLT certification. CLA is a prerequisite for CLT.

KEY WORK ACTIVITIES FOR STANDARDS, TRAINING AND ASSESSMENTS

FOUNDATION-LEVEL CERTIFIED LOGISTICS ASSOCIATE (CLA)

- Demonstrate an understanding of the various roles in the global supply chain logistics life cycle
- Demonstrate an understanding of the logistics environment
- Operate and use equipment
- Practice safety principles
- Practice safety principles in the handling of materials and operation of equipment
- Practice quality control principles
- Employ work communication practices
- Practice teamwork and good workplace behavior to solve problems
- Use relevant computer systems and applications to increase productivity

CERTIFIED LOGISTICS TECHNICIAN (CLT)

- Receive products
- Stock products
- Process product orders
- Prepare packages for shipment and ship products
- Maintain control of inventory
- Handle hazardous materials in a safe manner
- Evaluate transportation modes
- Perform dispatch, routing and tracking operations
- Understand U.S. measurements and metric system conversions

The Manufacturing Skill Standards Council (MSSC) is the nation’s leading industry-led training, assessment and certification organization focused on the core technical competencies needed by the nation’s frontline production and material handling workers. The nationwide MSSC certifications, based upon industry-defined and federally-endorsed national standards, offer both entry-level and incumbent workers the opportunity to demonstrate that they have acquired the knowledge and skills increasingly needed in the technology-intensive advanced manufacturing and logistics jobs of the 21st century.

WORKFORCE DEVELOPMENT & CONTINUING EDUCATION

(636) 481-3144 or 797-3000, ext. 3144
www.jeffco.edu/jcce
Instructor Led and On-Line Courses

Customized Certificate Programs Available

Courses Designed to Meet Recognized Industry Standards

   This course is designed to give students the knowledge to understand different Electrical Safety Qualifications for a worker to work on or near energized parts or equipment. Students will be instructed on the Prevention of Electrical Hazards, Protection from Electrical Hazards, and how to implement Electrical Best Safe Work Practices. The content in this course is based on the NFPA 70E guidelines.

♦ Electrical Safety Competent Person Training - NFPA 70E
   This course is designed for students who have the responsibility for the Electrical Safety of Maintenance Workers, Qualified Electrical Workers, and any other workers who work on or near energized parts or equipment. Electrical Safety Decision Making Skills, based on Electrical Best Safe Work Practices which includes instruction on How to Develop and Implement an Electrical Safety Program for Qualified Electrical Workers will be covered.
   This training course is designed to save lives, prevent disabling injuries, and prevent damage to buildings and equipment. It covers NFPA 70E in-depth, the standard for meeting OSHA training obligations. You will gain an immense respect for the power of electricity as you learn the important new rules of electrical safety.

♦ OSHA 10
♦ OSHA 30
♦ Additional On-Line Courses Available

www.jeffco.edu → Academics → Continuing Education → Professional Development Industrial Safety/OSHA
The Continuing Education Department at Jefferson College in partnership with the Jefferson County Building Commission is pleased to offer courses for our area tradesmen, which satisfy their ongoing Professional Education Unit (PEU) requirement. A total of 1 (PEU) is awarded for every 2 course contact hours.

TRADIES INCLUDED

- Electricians
- HVAC

Training Solutions That Make Sense...

- Reduce Training Costs
- Improve Productivity
- Increase Profits
- State Reimbursement

The Business & Workforce Development Center at Jefferson College provides customized training solutions perfect for businesses interested in improved productivity and enhanced employee performance. Jefferson College is committed to providing both the training resources and assistance your business needs to reduce training costs and increase profits. Jefferson College is part of the Missouri Customized Training network which provides competitive training services and locally administered funding assistance to employers for the training and re-training of new and existing employees. Over $1,000,000 of state funded reimbursement has been awarded to Jefferson County companies throughout the past few years to defer training costs.

ONLINE COURSES

IN ADDITION TO THE ONES LISTED IN THIS SCHEDULE  www.ed2go.com/jeffce/  

(636) 481-3144 / 797-3000, ext. 3144  www.jeffco.edu/jcce
Our instructor-facilitated online courses are informative, fun, convenient, and highly interactive. Our instructors are famous for their ability to create warm and supportive communities of learners. It’s no wonder that many long-lasting friendships have formed in our lively discussion areas.

All courses run for six weeks (with a two-week grace period at the end). Courses are project-oriented and include lessons, quizzes, hands-on assignments, discussion areas, supplementary links, and more. You can complete any course entirely from your home or office. Any time of the day or night.

NEW

- **Medical Terminology: A Word Association Approach**
  This course teaches medical terminology according to each body system. Multiple graphics, study tips, and unusual facts make for a most enjoyable course.

- **Human Anatomy and Physiology**
  Gain a greater appreciation and understanding of the marvelous complexity of the human body.

- **Become a Veterinary Assistant**
  Practicing veterinarian prepares you to work in a veterinary office or hospital.

- **Become a Veterinary Assistant II: Canine Reproduction**
  Practicing veterinarian teaches you to manage the entire canine breeding cycle, from assessing the health of parents to puppy care.

- **Introduction to Natural Health and Healing**
  Learn how to promote wellness, balance, and health in all aspects of your daily life.

- **Handling Medical Emergencies**
  Every second counts during a medical emergency. Learn how to respond if someone needs your help.

- **Assisting Aging Parents**
  Be prepared to handle the challenges you and your parents will face in the coming years, while learning to cherish the transition.

- **Certificate in Complementary and Alternative Medicine**
  (47 contact hours) Enhance your professional marketability by gaining a broad understanding of alternative health care options.

- **Certificate in Spirituality, Health, and Healing**
  (46 contact hours) Enhance your professional marketability by recognizing the impact spiritual values and beliefs have on health and healing.

- **Certificate in End of Life Care**
  (46 contact hours) Earn a certificate proving you understand the needs of individuals living with debilitating, chronic, or terminal illnesses.

- **Certificate in Growth and Development Through the Lifespan**
  (47 contact hours) Gain new insights in human development and be better prepared to care for patients of all ages.

- **Certificate in Legal and Ethical Issues in Nursing**
  (43 contact hours) Examine key legal and ethical issues to improve your practice and provide better patient care.

- **Certificate in Issues in Oxygenation**
  (52 contact hours) A holistic approach to the care of patients with disorders of oxygenation.

- **Certificate in Pain Assessment and Management**
  (44 contact hours) Increase the accuracy of your pain assessment skills and improve more effective in your pain management strategies.

- **Certificate in Perinatal Issues**
  (14 contact hours) Stay current with emerging trends affecting childbirth, women, newborns, and families.

Adult Education & Literacy Classes

- Provide HSE (high school equivalency) test preparation & instruction
- Improve language, math, & reading skills
- Assist in the transition to college/technical training
- Promote workforce development and employment opportunities

The Jefferson College Adult Education and Literacy Program is a FREE resource for the community. Every year, AEL assists hundreds of students in:

- earning their HSE (formerly GED),
- preparing for college classes,
- transitioning into employment, and
- learning the English language.

With 3 locations and classes available both day and evening, there is no reason not to take the first step toward your future today!

For more information visit us online at:
www.jeffco.edu/AEL
or to register for an orientation please contact us at:

email JCAEL@jeffco.edu or call (636) 481-3437

It is the policy of Jefferson College that no person shall, on the basis of age, ancestry, color, creed, disability, genetic information, marital status, national origin, race, religion, sex, gender identity or expression, sexual orientation, or veteran status, be subject to discrimination in employment or in admission to any educational program or activity of the College. 
Note: If accommodations for a disability are needed contact the Disability Support Services Coordinator, TCEH, (636) 481-3169 or 797-3000, ext. 3169 or spedinfo@jeffco.edu.
The mission of JFCAC is to serve individuals and families through partnerships, empowerment, and education in order to strengthen and improve the entire community.

WE OFFER THE FOLLOWING SERVICES AT NO COST TO YOU:

**Energy Assistance**
October—March we offer an energy grant for your primary source of heat; you do not have to have a disconnection notice for this grant.

*When funding is available: October – May we offer emergency assistance for your primary or secondary source of heat; you must be in threat of disconnection for this program.
June – September we offer emergency assistance for electric disconnection notices.*

**Weatherization**
The program's goal is to reduce energy costs by improving the energy efficiency in homes and addressing health and safety concerns.

**Head Start** (ages 3-5)
Early Head Start (prenatal–age 3)

Our staff work with parents and their child to provide a complete learning experience for each student.

We have both home based and center based services. Those enrolled at our centers receive nutritious meals, snacks, and a quality preschool education. In addition, we assist you in obtaining dental and vision services for your child.

**Women, Infants, & Children (WIC) Jefferson County Only**
Through this health and nutrition program our staff provides food supplements to those with special nutritional needs such as: pregnant women, nursing mothers, women with babies under 6 months of age, infants and children up to age 5. We also provide lactation support through the Breastfeeding Peer Counselor Program. Our WIC program is one of the 20 to be chosen as a Breastfeeding Friendly Clinic. We have two WIC sites which offer extended office hours.

**Community Services**
We provide one-on-one assistance in connecting you to services delivered through JFCAC and other organizations that will be the most helpful for your situation. This includes but is not limited to: food pantries, legal services, medical/dental clinics, Christmas assistance, school supplies.

We offer employment and training services in addition to our Step Up to Leadership Classes.

JEFFERSON COUNTY OFFICE
(636) 789-2686
2 Merchants Drive • Hillsboro, MO 63050
Office Hours: Monday—Thursday 7:30 a.m.—5:00 p.m.
Please note our Jefferson County office is closed for lunch from 12pm to 1pm

www.jeffco.edu/jcce
Gain the employment advantage!
From start to finish, Missouri Job Center staff actively work with you to identify career goals, and discover and improve job-related skill sets using jobs.mo.gov, Missouri’s workforce system website. They will also help you complete an effective résumé and job match on MoJobs.

NO COST EMPLOYMENT ASSISTANCE

Job Matching Assistance
Entry level to advanced, our comprehensive job listings cover all occupations across all industries and all regions throughout the state. Search job openings online on your own, or work with staff at the Job Center to find a job that’s right for you.

Access to Job Search Tools
From computers and printers to scanners, copiers, fax machines and phones...we’ve got you covered. Assistive technology is available, including: screen readers, screen enlargers, CCTV, and adjustable tables for individuals with accommodation needs. TTY service and other devices are also available to assist the deaf and hard of hearing. All are available at no cost to help you search and apply for jobs.

Job Skills Training
Polish existing job skills or even learn new ones so you stand out to employers. Center staff can help you with tools to identify skill gaps in training and help you find the training that will help.

Write a Résumé that Gets an Interview
Work with our experienced Center staff one-on-one or attend a workshop to write a résumé and cover letter that employers will notice.

Skills & Self Assessments
Career related self-assessments are used to identify your personal attributes, values, skills, and interests. A wide variety of assessments are available including:

Tailify - Tailify connects talented Missouri job seekers with career opportunities in a way never before possible – increasing the opportunities available to you, and the diversity of exceptional candidates available to employers.

ACT® WorkKeys® Assessment – measure skills in workplace documents, digital literacy and applied math. Earn the National Career Readiness Certificate (NCRQ), an assessment-based credential that certifies skills critical to on-the-job success across industries and occupations.

Earn While You Learn
Gain the skills you need while earning a paycheck! A variety of short and long-term training opportunities—including apprenticeships and on-the-job training — are available. Ask your local Center for help in identifying training programs and resources that are right for you.

Call 888-728-5627
or visit jobs.mo.gov

What is SkillUP?

The SkillUP program provides SNAP (Food Stamp) recipients opportunities to gain skills, training, or experience that will improve their ability to attain employment. The program offers job search, training, education, and supportive services to participants. The SkillUP grant is administered by the Missouri Department of Social Services, Family Support Division and funded through the United States Department of Agriculture (USDA).

Jefferson College offers programs in:

- Certified Nurse Assistant
- Certified Medication Technician
- Manufacturing Technician
- Medical Assistant
- Construction & Mechanical Occupations (CAMO)
- Certified Logistics Technician

To find out more information about the SkillUP program, please contact Morgan Klousia at: (636) 481-3456 or mklousia@jeffco.edu

WHAT IS CONTINUING EDUCATION?
Jefferson College Continuing Education courses provide opportunity to:

- Enter or re-enter the mainstream of education;
- Prepare for occupational advancement or re-training;
- Receive a high school equivalency diploma (GED); and/or
- Make learning a lifelong process.

Continuing Education Units (1 unit for 10 class hours) are awarded to:

- Those seeking occupational certification and licensure programs; and/or
- Those who have an 80 percent course attendance record.

ENROLLMENT
Enrollment is accepted on a “first come, first served” basis for any person 17 years of age or older, unless otherwise indicated in the course description. Upon registration YOUR CLASS WILL MEET UNLESS YOU ARE NOTIFIED IT IS CANCELLED.

COURSE FEES
Course fees are listed at the end of each school’s course listings and are to be PAID FOR IN ADVANCE of the first session.

REFUNDS
In case of course cancellation, you will receive a full refund. Requests for full refunds must be made 48 hours before the course starting time.

CLASS CANCELLATIONS
Classes will not meet when buildings are closed for holidays, snow days, or other emergencies. Local radio stations will announce class cancellations because of inclement weather.

Attendance of Children
Students are not permitted to bring children to class, nor should children be left unattended in the halls, offices, Library, Student Center, or outside on campus.

Student Right to Privacy and Nondisclosure
Under the Family Education Right to Privacy Act, all students have the right to review their official college records. Inquiries regarding the Act of 1974 are directed to the Registrar. Additionally, Jefferson College may make available to any person certain directory information: name, telephone, and dates of attendance. All other information which the College collects is held in confidence. Finally, new and returning students are advised that the Social Security number is voluntarily disclosed to the College.

Student Right to Know and Campus Security Act
Disclosures required by Title II of P.L.101-542, as amended, will be made available in a timely manner to prospective and current students and employees. Such information and statistics shall be disclosed in The Windjammer, the student newspaper, on information boards, and through the Office of Human Resources.
