PTA 220

PTA Principles and Procedures II

3 Credit Hours

Prepared by:
Bridget B. Webb, PT, MPT, CEEAA
Physical Therapist Assistant Program Director
October 25, 2011

Revised Date: September 12, 2014
Revised By: Bridget Webb, PT, MPT, CEEAA

Kenneth Wilson, Division Chair, Health Occupation Programs
Dr. Dena McCaffrey, Dean, Career and Technical Education
PTA220 PTA Principles and Procedures II

I. CATALOGUE DESCRIPTION

A. Prerequisites: PTA140 with a grade of “C” or better, successful completion of PTA150, and reading proficiency.

B. Credit hour award: 3

C. Description: This combination lecture-lab course is the second in a series of four designed to provide students with the opportunity to learn and perform patient care skills. Students will study basic physical therapy theories and principles with a hands-on practice of essential patient care skills including therapeutic exercises and other techniques specific to patients with common cardiopulmonary and musculoskeletal conditions. This course will also address application of documentation techniques and appropriate progression through a plan of care established by a supervising physical therapist and for this patient population. A grade of “C” or better is required in this class to progress to Clinical Experience II. (F)

II. EXPECTED LEARNING OUTCOMES AND ASSESSMENT MEASURES
(Numbers in parentheses refer to CAPTE performance expectations)

<table>
<thead>
<tr>
<th>Expected Learning Outcomes</th>
<th>Assessment Measures</th>
</tr>
</thead>
<tbody>
<tr>
<td>List the contraindications and precautions to aerobic and resistive exercise for various cardiopulmonary and musculoskeletal conditions.</td>
<td>Summative Written Examinations Practical Examinations Class Discussion/Activity Written Assignments</td>
</tr>
<tr>
<td>Demonstrate how to safely and appropriately progress a patient through an aerobic and a resistive exercise program under the direction and supervision of a physical therapist.</td>
<td>Summative Written Examinations Practical Examinations Class Discussion/Activity Written Assignments</td>
</tr>
<tr>
<td>Demonstrate appropriate interactions with patients, physical therapists, and other health care professionals in written, verbal, and nonverbal communication. (3.3.2.1.)</td>
<td>Summative Written Examinations Practical Examinations Class Discussion/Activity Written Assignments</td>
</tr>
<tr>
<td>Recognize individual and cultural differences and respond appropriately in all aspects of physical therapy services. (3.3.2.2.)</td>
<td>Practical Examinations Class Discussion/Activity Summative Written Examinations Written Assignments</td>
</tr>
<tr>
<td>Demonstrate conduct that reflects practice standards that are legal, ethical, and safe as well as reflect a commitment to meet the expectations of those receiving health care services and members of the</td>

III. OUTLINE OF TOPICS

A. Review of the Cardiovascular and Pulmonary Systems

B. Airway Clearance Dysfunction
   1. Postural Drainage
   2. Percussion
   3. Vibration
   4. Coughing Techniques
   5. Breathing Techniques

C. Special Tests for Cardiovascular System
   1. Six Minute Walk Test
   2. Two Minute Walk Test
   3. Three Minute Step Test
   4. YMCA Cardiac Rehabilitation Program

D. Aerobic Exercise Parameters
   1. Intensity
      a. Borg’s Rate of Perceived Exertion
      b. Borg’s Dyspnea Scale
2. Frequency
3. Duration
4. Mode
5. Progression

E. Therapeutic Interventions for Cardiopulmonary Conditions
1. Respiratory Failure
2. General Deconditioning
3. Congestive Heart Failure
4. Myocardial Infarction
5. Arrhythmias
6. Coronary Artery Disease
7. Intermittent Claudication
8. Post-Bypass Graft
9. Post-Heart Transplant
10. Post-Pacemaker/Defibrillator Placement

F. Anatomy and Physiology Review of the Musculoskeletal Systems

G. Connective Tissue Healing
1. Ligaments
2. Bone
3. Cartilage
4. Muscle
5. Tendon

H. Special Tests Related to Common Pathologies for Each Body Region
1. Wrist and Hand
2. Elbow and Forearm
3. Shoulder
4. Lumbar, Thoracic, and Cervical Spine
5. Pelvis and Hip
6. Knee
7. Ankle, Foot, and Toes

I. Mobility and Resistance Exercise Parameters

J. Applying Mobility and Resistance Exercise Parameters to Each Joint
1. Wrist and Hand
2. Elbow and Forearm
3. Shoulder Girdle and Joint
4. Cervical, Thoracic, and Lumbar Spine
5. Pelvis and Hip
6. Knee
7. Ankle and Foot
IV. METHODS OF INSTRUCTION

A. Lecture
B. Textbook readings
C. Supplemental handouts
D. Active learning in the classroom setting
E. Case studies
F. Hands-on interaction during the laboratory portion of course in which the students act as both the patient and the physical therapist assistant to practice skills.

V. REQUIRED TEXTBOOKS

VI. REQUIRED MATERIALS

A. A computer with internet access and basic software to include Word and Power Point (available through Jefferson College labs)

B. Course homepage available through Blackboard

C. Appropriate clothing to both lab practice and practical testing experience as defined by student handbook

D. Equipment for lab to include stethoscope, blood pressure cuff, and goniometer

VII. SUPPLEMENTAL REFERENCES

A. Class Handouts

B. Library Resources
   1. Databases including: “Nursing and Allied Health Collection”, “Sports
Medicine and Physical Therapy Collection”, and “Medline”

2. Periodicals
3. Videos

C. Internet Resources
   1. On-line references
   2. Textbook companion website
   3. American Physical Therapy Association (APTA) website

VIII. METHODS OF EVALUATION

A. Summative Written Examinations: 35%

B. Practical Examinations: 35%

C. Written Assignments: 20%

D. Professionalism/Participation/Classroom Discussion/Activity: 10%

E. Grading Scale:
   A=92-100%
   B=84-91.9%
   C=75-83.9%
   D=65-74.9%
   F=64.9% and below

IX. ADA AA STATEMENT

Any student requiring special accommodations should inform the instructor and the Coordinator of Disability Support Services (Library: phone 636-797-3000, ext. 3169).

X. ACADEMIC HONESTY STATEMENT

All students are responsible for complying with campus policies as stated in the Student Handbook. (See College website http://www.jeffco.edu).

All Physical Therapist Assistant (PTA) students are also responsible for complying with PTA Program policies as stated in the PTA Student Handbook distributed at orientation.

XI. ATTENDANCE STATEMENT

Students earn their financial aid by regularly attending and actively participating in their coursework. If a student does not actively participate, he/she may have to return financial aid funds. Consult the College Catalog or a Student Financial Services representative for more details.
