The Krav Maga Worldwide, Inc. Force Training Division is dedicated to the advancement of defensive tactics for Law Enforcement, Military and Security Units. Krav Maga, originally developed in Israel, is the official system of hand-to-hand combat and weapons training employed by the Israeli Defense Forces, the Israeli National and Military Police, as well as Israeli Special Operations and Security Units. Because the Krav Maga system is well integrated, common defensive principles apply to a variety of attack scenarios. Thus, the system can be learned in a relatively short period of instruction. Also, the techniques are easy to retain and can be performed under stress. With the successful completion of the course, participants will be certified to teach the learned techniques and principals to their agency personnel.
