A SAFE PLACE

Domestic Violence Shelter

A Safe Place is a residential program that provides services to meet the immediate needs of individuals and their children who are victims of domestic abuse. Abuse may be physical, sexual, emotional, verbal, psychological, or it may take the form of the destruction of property or pets. Children who grow up in violent homes frequently learn violence as an acceptable means of resolving conflict or exerting control. These children are likely to become victims or abusers as adults. A Safe Place offers alternatives to the violent lifestyle of all forms of abuse and provides a comprehensive program for the victims and their families.
