“Every day our community and region benefits from the hard work of these employees, and I am proud to honor them for their dedication,” said Jefferson College President Dr. Dena McCaffrey. “I am extremely proud to recognize their tremendous contributions to those we serve.”

Dean's List Honorees Announced for Spring 2021

Jefferson College Vice President of Student Services, Dr. Kimberly Harvey-Manus, has announced the Dean's List for the Spring 2021 semester, containing the names of 605 students who earned the academic recognition.

To qualify for the Dean's List honor, full-time students must achieve a grade point average of 3.25 or higher (on a 4.0 scale) in at least 12 graded credit hours taken that semester. Part-time students who accumulate 12 or more graded credit hours with a 3.25 grade point average also qualify and must contact the Vice President of Student Services Office within ten days of grade reporting to be included.

The Dean's List can be viewed online at www.jeffco.edu under the "News and Events" tab.

College President Featured in St. Louis Business Journal

Well deserved...the St. Louis Business Journal recently highlighted Dr. Dena McCaffrey, Jefferson College President, in connection with the ongoing St. Louis Character feature series that has focused on many of the region's most unique individuals by taking an in-depth look at their careers, hobbies, and volunteer work.

In the article, Dr. McCaffrey shares her leadership vision and goals for the institution as the first female president in Jefferson College's 58-year history. Growing up, McCaffrey says she knew she wanted to pursue a career that improved her surrounding community. "I knew I wanted to do something where I was giving back to others. That was very important to me," she stated.

To view the entire story, visit the [St. Louis Business Journal](#).

Radiologic Tech Class of 2021 Has Perfect Pass Rate on Certification Exam

Everybody knows Jefferson College attracts some of the best academically talented students from across the region. Want proof? All students in the Radiologic Technology Program class of 2021 passed their American Registry of Radiologic Technologists (ARRT) certification examination on their first attempt. Even more impressive is that all have secured a job and are ready to go to work!

The regional and national healthcare industry is facing a shortage of technologists and other skilled workers in hospitals, clinics, and other areas. Radiologic technologists are needed in every healthcare setting. By providing high-quality educational training in these fields, Jefferson College is opening the door for employment opportunities and keeping the economy growing.

Since beginning the Radiologic Technology program in 2013, Jefferson College has established a strong record of student completion, employment success, and program effectiveness. If you're interested in learning more about joining the Radiology Technology program, visit www.jeffco.edu/RAD.

Missouri Bicentennial Celebration to Feature Jefferson College Library Historical Map Display

An upcoming historical exhibit and display at the Jefferson College Library will be featured as part of the official [Missouri bicentennial website](#) and celebration.

Library staff Joette Klein and Lisa Pritchard created the exhibit, along with a libguide, that will feature maps and documents from the College's collection, as well as other maps related to Jefferson County and Missouri history.

Titled "Ways of Seeing: Maps of Missouri at Jefferson College Library," the exhibit showcases documents, maps, plats and surveys from the mid-19th century, topographical maps of Jefferson County and Missouri, aerial maps of Jefferson County from the 1950s, and other municipal, county, state, and federal maps that provide a look into the last 200 years of local and state history. Of particular note are documents that provide a link to William Clark and claims he made to land in Jefferson County.

In Our Community... At the Jefferson County Fair

If you're going to this year's Jefferson County Fair July 22-25 be sure to stop by the Jefferson College tent and say hello as a group of volunteers provide information for prospective students and highlight some of the many ways the College supports our community.

The College's tent will feature a Victor the Viking photo cutout and giveaways. Hope to see you (and your family and friends) at the Jefferson County Fair. Visit www.jeffersoncountyfair.net for complete details.

“Aim for the Stars” Educational Events Scheduled for July 11 at Observatory Site

The College will host another “Aim for the Stars” observation night on July 11 for those who want to learn more about astronomy in connection with the partnership between Jefferson College and the St. Louis Astronomical Society (SLAS) to develop an observatory on the Hillsboro campus.

The free educational program will be led by Jefferson College faculty and SLAS members.

Designed to appeal to community members of all ages, the “Aim for the Stars” events provide an overview of plans for the Jefferson College Observatory including a site tour, training on how to read a star map, library telescope and binocular training, a meteorite exhibit with an opportunity to purchase, live telescope viewing, laser guided constellation tours, and previews of upcoming astronomy events of interest. Each observation night will be held either virtually or in-person at the observatory site depending on weather.

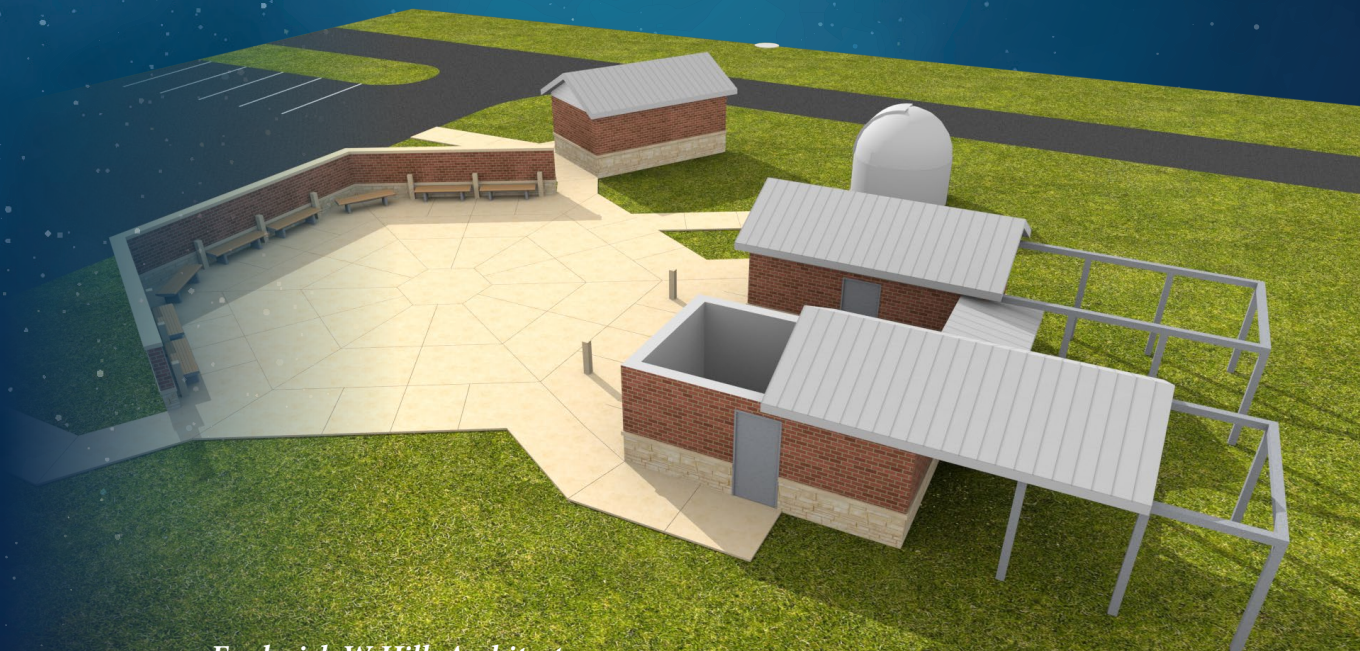

All upcoming “Aim for the Stars” events will be held on Sunday evenings as follows:

- ★ July 11, 8:30-11:30 p.m. (in-person)
- ★ August 8, 8:30-11:30 p.m. (in-person)
- ★ September 12, 8-11 p.m. (in-person)
- ★ October 3, 7-10 p.m. (in-person)
- ★ November 7, 7-8 p.m. - virtual
- ★ December 5, 7-8p.m. - virtual

For in-person programs to occur, skies must be clear or only partly cloudy. Strict social distancing will be observed. Those who attend the in-person programs may bring their own astronomy equipment or use a limited number of telescopes provided. In case of inclement weather or pandemic restrictions, an alternate program will be presented.

For questions or additional information about the “Aim for the Stars” programs or the Jefferson College Observatory, contact Maryanne Angliongto, Jefferson College Associate Dean – School of Math, Physics and Technology, at 636-481-3318 or email manglion@jeffco.edu.

The Foundation Renews Relationship with Major Donor

In 2006, the Foundation's Board of Directors announced that it had received a verbal agreement for a significant donation from David Ault, owner and president of the Fox Run Golf Club. Six years later, a gift agreement was signed by Mr. Ault to immediately donate a newly built and fully furnished home at Fox Run, free membership to Fox Run, and a bequest of \$500,000. The agreement also stipulated that the Foundation and Ault maintain a relationship going forward.

"I decided that it was the right time to do this, and by spreading the word, perhaps others will follow," Ault said in a 2012 public statement. "Jefferson College is a valuable asset to our community and its excellence is demonstrated in the thousands of graduates that live and work throughout the region."

Since the public announcement of the gift, the Foundation held several golf tournaments at Fox Run, and hosted donor-recognition events at the donated home on the golf course. During this time, the Foundation also experienced a number of staff changes, and these changes lost the connection between Mr. Ault and the Foundation over time.

At the end of March 2021, the Foundation renewed its relationship with Mr. Ault during a meeting at the Fox Run Clubhouse that included College President Dr. Dena McCaffrey. During the meeting, Ault was clear that he continues to value Jefferson College and its students, and reinforced his commitment with the gift agreement made in 2012. The Foundation also agreed to regularly provide information and updates of all recent College news.

The Foundation seeks to connect the College with individuals who have a passion for giving. Whether the individual is an alumnus, community supporter, or local business owner, the Foundation will foster a relationship to create a meaningful experience and regular connection between the two.

Mr. Ault envisioned his gift would help lead others to express their generosity to the College. Please contact the Foundation's office to learn how your generosity can truly make a difference to our students and the community. Blake Tilley, Executive Director of the Jefferson College Foundation, at 636-481-3104, or email btalley@jeffco.edu.

David Ault (center), owner/president of Fox Run Golf Club visits with Foundation Director Blake Tilley (left) and College President Dr. Dena McCaffrey (right) to renew his longstanding relationship with Jefferson College and the Jefferson College Foundation.

Artwork of Jefferson College Adjunct Instructor to be Featured at Tanglefoot Art Gallery

The College is proud to highlight adjunct instructor/retired division chair and local artisan Linda Abernathy who is one of five featured artists in the upcoming exhibit "Creative Expressions: The Female Perspective" July 9-August 27 at the Tanglefoot Art Gallery in Festus. 10% of the work sold at the exhibit will be donated to the Jefferson College Foundation Scholarship Fund.

Everyone is invited to attend the grand opening reception on Friday, July 9, from 5-9 p.m. where complimentary refreshments, wine, and hors d'oeuvres will be served.
