## 2022-23 PACE Series Features More Than 30 Events

Curtain up! The Jefferson College Performing Arts and Cultural Enrichment (PACE) Series will return for 2022-23 with 34 events spanning a wide range of fine arts entertainment genres, including visiting artists from across the country in addition to performances that feature Jefferson College students and community members.

Among the many unique PACE events is a free exhibit and series of discussions titled "Pieced Together: Researching, Creating and Preserving Your Stories," hosted by the Jefferson College Library made possible by a generous gift from the Brant and Jane Houser family and support from the Jefferson College Foundation.

Season passes are available for \$25 per person general admission and \$15 for students and senior citizens. Passes may be purchased online at [jeffcopace.ludus.com](http://jeffcopace.ludus.com), resulting in savings compared to single event admission for the entire series.

For performances that have an admission fee, individual event advance tickets are available ranging from \$5-\$10 for general admission and \$2-\$5 for students and senior citizens. All individual advance tickets are available exclusively online at [jeffcopace.ludus.com](http://jeffcopace.ludus.com). Same day performance tickets are also available at the Fine Arts Box Office (cash only) pending availability prior to each show.

To register for the PACE monthly mailing list to receive show details, special events, ticket information, and upcoming performances, visit [jeffco.edu/PACE-Email](http://jeffco.edu/PACE-Email).

All events and performances are subject to change. The Jefferson College campus is smoke-free, tobacco-free, and alcohol free.

# National Organization Selects Jefferson College Professor to Lead NIMS Instructor Training

NIMS®

Working with the Workforce Development and Employment Services department at Jefferson College, Precision Machine Technology program faculty member Matt West was recently chosen by the National Institute for Metalworking Skills (NIMS) to host an instructor training workshop for technical machining programs at Missouri schools.

During the four-day workshop held at Jefferson College, participating instructors had the opportunity to earn NIMS industry recognized credentials (IRCs) and carry forward technical information to help enhance their respective machining programs. The class earned a total of 37 IRCs and each participant is now qualified to deliver the NIMS processes of instruction to their students.

Pictured, from left, is Rich Hines - Workforce Development at Jefferson College, Chris Trusty - Adjunct Instructor Precision Machining Technology at Jefferson College, Rob Karr - Instructor North Central Missouri Community College, Matt West - Assistant Professor of Precision Machining Technology at Jefferson College, Bob Sink - Instructor Cape Career and Technology Center, and Mike Blizzard - NIMS instructor. Not shown is Eric Shelton - Instructor Mineral Area College.

NIMS was formed in 1995 by the leading metalworking trade associations to develop and maintain a globally competitive American workforce. The organization sets standards and skill levels needed to be successful in the machining portions of the manufacturing industry.

# MOVIE NIGHT

## College to Host Free Outdoor Family Movie Night August 26 - The Bad Guys

As a family-friendly way to kick off the new school year, Jefferson College will host a free outdoor family movie night with the screening of *The Bad Guys* on Friday, August 26, beginning at 7:45 p.m. on the Hillsboro Campus Student Center Lawn.

Everyone is welcome to attend with fun for all ages including kids trivia with prizes prior to the movie. There is no admission cost. Attendees are welcome to bring blankets and lawn chairs.

Food trucks will be on site selling a variety of items beginning at 6:30 p.m. They include Loot's Lunch Cart, Luna's Shaved Ice, and Yo Dawg.

*The Bad Guys* is based on the #1 New York Times best selling children's book series. After a lifetime of legendary heists, notorious criminals Mr. Wolf, Mr. Snake, Mr. Piranha, Mr. Shark and Ms. Tarantula are finally caught. To avoid a prison sentence, the animal outlaws must pull off their most challenging con yet--becoming model citizens. Under the guidance of their mentor, Professor Marmalade, the dubious gang sets out to fool the world that they are turning good.

According to the Rotten Tomatoes movie rating website, "The Bad Guys is good news for audiences seeking options the whole family can enjoy. The eye-catching animation will entertain the kids, parents will appreciate the movie's message, and the wall-to-wall jokes will keep the whole family laughing."

The Jefferson College campus is smoke-free, tobacco-free, and alcohol free.
