on application for a continuance.

John Richardson defendant in the above case states that at the April term of this court last past at which time the above case was put at issue this affiant took out of the circuit court of Jefferson County a decessus ~~testimony~~ to take the deposition of Joseph Turnbull who resides near Galena in the Wisconsin Territory as this affiant has been informed, in order to obtain his testimony in the above case which is most material to this affiant as he expects to be able to prove by said witness a credit due him by the plaintiff of one hundred and thirty dollars cash paid to said Minn by Turnbull for this affiant and for which this affiant has received a credit. This affiant also expects to prove by said witness two other credits one of fifty three dollars and the other of twenty two dollars due by said Minn and for which this affiant has received no credit which facts this affiant cannot prove by any one else to his knowledge. - This affiant would further show that after he had obtained the commission to take evidence as aforementioned he gave a notice to said plaintiff thereof according to law, which notice is now in court to be shown if required the same being by the sheriff of St. Louis County upon plaintiff's oath date 19th April 1838 This affiant avers that date this affiant proceeded to Charles H. Herreshade attorney at Law at Galena the said commission & ^{copy of} notice and interrogatories to be put to

said witness Turnbull, and with intention to
his deposition & and to do and perform all
that was required in the premises in that
behalf. This affiant has rec^d no communication
from his attorney upon this subject but recently
he has rec^d a letter from the witness Turnbull
who informs him that Huntstead could not
have the deposition taken on account of some
error in the proceedings that would render the
evidence inadmissible to this affiant. When
this affiant rec^d this information which was
in July last, he would have immediately
obtained another commissioner to take the
deposition of said witness had there been
sufficient time before the present term of this
court for that purpose, but there was not. This
affiant would further state, that he considers
the said Turnbull a material witness and
this affiant expects to prove the credits before
stated by him, that he is not absent by the
~~express~~ command, or consent of this affiant
nor is his evidence absent or deferred, for the
any of the reasons specified. This affiant further
states that he expects to be able to procure
the evidence of said witness by the next term
of this court and that this application
for a continuance is not made for the
purpose of delay but that for the reason
before stated in the above case.

John Richardson

Open Court
April Term 1839

The defendant in the above case swears
and says, that he is not ready to try this
case on his part, the present
term of this court, because he and
the plaintiff have agreed to wait before the
next term did agree to let the same be
settled by Mr. Cook and Bent and that
in consequence of that agreement which
is yet a subsisting one, and by force &
virtue under any rule of court, the defend-
ant has made no preparation to try
in court at the present term. Mr. Mason
has given no notice of trial, so that
he considered the agreement to settle as
renewed. If therefore this affidavit should
be read to trial at the present term it
would operate a suspension upon ^{them}. This
affidavit further states that to the best and
utmost of his understanding and belief
he has a just cause of defense against
the demand of plaintiff to some extent
if not the whole, & believes he will be
able to make it and prove it by the
next term of this court if time is allowed him
for that purpose. And further that this appli-
cation for a continuance is not made for
the purpose of delay, but that justice may be
done in the above case.
