vs

Lies Lee

Appeal

The defendant in this action moves the court to set aside the judgment and grant a new trial in the case for the following reasons

1<sup>st</sup> Because the verdict of the court sitting as a jury was against evidence

2<sup>d</sup> Because the said verdict was against law

3<sup>d</sup> Because said verdict was in favor of the plaintiff when by the facts of the case and the law of the land the verdict should have been in favor of the defendant

4<sup>th</sup> Because improper testimony was admitted

Buckner | Alexander  
vs  
Liles Lee

Appeal from a  
Justice of peace

Personally appeared before the undersigned Clerk of the Circuit Court within and for the county of Jefferson Liles Lee defendant in the above action who being duly sworn upon his oath says that he was surprised at the trial of the above cause at the present term of the circuit Court. That this affiant believed and just knew that Achilles Lee a witness duly summoned and examined in the cause was acquainted with circumstances which were material to his defense and upon his examination the said Achilles Lee could not call to mind many of said circumstances. That said witness now recollects a conversation had with said Alexander ~~at the time~~ by said witness after the reproof had been given by said Liles Lee detailed at the trial and that the substance of that conversation was that said Alexander expressed many doubts whether he should leave the said Liles Lee or not and that the said Alexander did not consider himself as ordered to leave by the said Liles. That witness in reply to him urged him to stay and mentioned his former good habits and his desirable situation and good treatment from Liles as an inducement for him to stay. That said witness now recollects that immediately after this conversation and without any communication between said Alexander and Liles witness and the said Liles started for the cellarum and some short time after arriving there they saw the said Alexander there and that the said

Alexander did not again return to the said  
Giles Lee.

That the said defendant being conscious that he  
had not ordered the said plaintiff to leave but  
had only given him such a reprimand as his  
conduct required he was surprised at the state-  
ments of the said plaintiff being admitted to the  
effect that said defendant had ordered him away.

That this defendant might have proved very  
strong circumstances to show that the said Alex-  
ander had been for some time in the habit of  
embezzling defendants property but from  
a desire to do the young man no injury that  
he could in justice to himself avoid, he did not  
provide any testimony to prove these circum-  
stances.

That this affiant expected that Alexander  
Lee would attend the court this morning to make  
affidavit of the facts he has called to his recollec-  
tion since the examination but believes that  
he does not attend in consequence of his being  
summoned by the deputy sheriff to assist in  
taking some voters.
