Deposition of witness produced sworn
and examined at the Office of Wm
Robinson 31 Pine Street in the City
of Albany State of New York
in a certain Cause now pending before
Hon L Samastis Justice of the Peace
in Jefferson County New York between
John Strickland Plaintiff - and
Wm Mandeville & John T. Rogers
are defendants
on the part of the Defendant

W O Phelps of lawful age whose place
of residence is the City of Albany being duly sworn
and examined on the part of the Defendant -
deposes that & says

During last fall I was living part of the time in St Louis City & part of the time in Camden. During the months of September & October I think During September & October 1859 I was engaged as receiving & discharging clerk for the St Louis and Iron Mountain Rail Road. I see ^{this morning} by the books of the St Louis and Iron Mountain Rail Road that on September 10th 1859 two car loads of Hoop poles were received by the Defendants shipped by the Plaintiff from Tammell Station. The custom of the Road in regard to consignments is as follows - When a car arrives during the night the unloader of the cars makes the number of the car on the freight-unloaded from that car. The next morning I see by the way bill the ~~name~~ ^{name} of the consignee of the freight contained in that car and make the name of the Consignor upon the freight. I know from an examination of the way bill & the books of the Road that Cars Number 9 and 33 contained goods ^{on September 10th 1859} consigned to the Defendants. I know of my personal knowledge that two cars Number 9 & 33 came to Mandeville & Francis the same day containing Hoop poles - but do not of my personal knowledge remember the date

Deposition of witnesses produced sworn
and examined at the Office of J. W. M.
Robinson 31 Pine Street in the City
& County of Solon's State of New York
in a certain Cause now pending before
J. W. M. Lamaster Justice of the Peace
in Jefferson County New York between
John Strickland Plaintiff - and
J. W. Mandeville & John T. Rogers
are defendants
on the part of the Defendant

M. O. Phelps of lawful age whose place
of residence is the City of Solon's County duly sworn
and examined on the part of the Defendant -
before the 9 days

I marked the Hoop Poles discharged from those two Cars - I marked them several times as the marks were worn away several times - I marked them with the names of the Defendants - These Hoop Poles were deposited I think on Main Street a few blocks from the Plum Street Depot - near Boykin's Pork House - I can not say how long they remained there - three weeks perhaps more - I never was in the Hoop Pole business - There were a great many Hoop Poles shipped on the Iron Mountain Rail Road last season - I saw all the Hoop Poles that came to the Depot - From my experience in handling hoop poles I can tell what are very good ones & what very bad ones - I think that the Hoop Poles shipped by the Plaintiff to the Defendants were rather inferior - they were mostly small - they were dry - I do not know what became of them - When the Hoop Poles in dispute first arrived there was I think a car load of Hoop Poles lying near them about a block distant on Main Street - They were taken away in a day or two - I think there were no other Hoop Poles lying near them while these in dispute were there - I think there were no others at all on the street

Cross Examination by Plaintiff Attorney

It is the custom of the Company always to have some person in charge of consignments to see nothing was taken away from the yard or wharvestreet without the charges being paid or an order from the Consignees. While I was there part of the time I did this business -

Re Examination by Defendant -

The Iron Mountain Rail Road at that time Sep 10 1859 had no specified time that they held themselves responsible for Hoop poles after their delivery -

I never knew any Commission Merchants to take any consignment of Hoop poles away, ^{for storage} from the place where the Rail Road deposits them ~~before~~ ^{for storage} before they are sold - I have known of hoop poles remaining ^{a week} where the Rail Road deposited them ~~a week~~ before they were sold - I never knew good poles to remain longer than that time -

 of 1859 a lot of Hoop poles were received
 by the Defendants by the Iron Mountain

 by the Plaintiff. I did not see those poles
 They were placed on Main Street below
 the Plum Street Depot but how far below
 I do not know. I was in September 1859
 the Sole Book Keeper of Mandville and

 not being entered in their books - As
 Book Keeper for them I made the entry

 my Consignment book as September

 notice till the latter part of the day -
 The Plaintiff objects to all questions or

or answers about Witness's entries
to Defendants Books or Statements about
them - It is Rumsor's Notes))

They had a negro man who assisted
them about the store - He has been accused
of taking Cigars - one Customer sometimes
did the same -

Q: Did Mr Mandville ever tell you that
he had sold this Negro because he was
bad & unruly -

Objected to as leading irrelevant & immaterial

A: No Sir he never told me that - He told
me that he had been impudent - I never
heard Mr Mandville ~~say that~~ accuse
him of stealing -

There might have been more hoop poles
sold & I do not know it -

From my knowledge of the Negro,

I do not think that any sale would
not have been made and I do not know it -

John Bergin whose place of Res was
 in the City & County of St. Louis State of Missouri
 of lawful age being sworn & examined on oath of the defendant
 deposes & says

I was porter for the Defendants in
 the fall of 1839. I saw two or three loads
 of Hoop poles that were consigned to Defendants
 lying on Main Street near Baker's Forkhouse
 in September or October 1839. I expect
 I saw them lying there for a month or
 six weeks. I assorted those Hoop poles
 for the Defendants. The quality of the hoop poles
 was bad - they were small & rotten & dry -
 We made four lots of them - I should think
 that one half of them were rotten - ~~fit~~^{fit} for
 nothing unless firewood - ~~that is one lot~~ -
 the remainder of them were not much
 better - There was a small lot of Hoophead
 poles that were tolerable - Defendants
 sold ^{apart of the second & third lots} ~~a part of the fourth~~ & a part of another
 lot to the Walshes - this did not include
 the Hoophead poles - In saying that we divided
 the hoop poles into four lots I ^{do not} mean that
 we divided them ~~equally~~ into equal parts
 but that I divided them into four
 heaps according to their quality &
 size. About one half of the entire amount
 were rotten - this is the first lot - The
 second lot of the same size pole
 were but very little better than the ~~second lot~~ -

The third lot was made up of a smaller sized pole but were of the same quality as the second lot. The fourth lot were about one hundred and fifty Hoeshead poles - they were very good & salable.

I did not consider that a Corps would buy any of the first three lots to work them.

I know of my personal knowledge that the Defendants made much effort to sell these two poles. The Mandeville & Draynor sent me down with Corps to sell them & they would not buy them (they said they were of no account) (Objected to as hearsay)

John Meigun
I, William Robert Pollock, Public Notary for the County of Glamorgan, do hereby certify that the Deposition of John Meigun whose place of residence is in the City & County of Glamorgan, Wales, was by me sworn to before me on the 1st day of January 1865, touching the matter in controversy in the Cause aforesaid and that his Deposition was reduced to writing & subscribed by him in my presence on the 30th day of June AD 1865 between 8 am & 6 PM at my Office at 5 D 1 Pri Street in the City & County of Glamorgan.

Witness my hand and the seal of my Office at the City of Glamorgan this 30th day of June AD 1865
Wm Robert Pollock Notary Public

T. C. Stroup whose place of Residence
is the City of St Louis, ^{just being worn & examined on the part of the defendant} ~~deposed that~~
During last September and October
I resided in the City of St Louis -
I am a Cooper. I have been a
Cooper about thirty five years - Last
fall I think ^{early in} ~~early in~~ October I saw
two Car loads of hoopspoles lying
on Main Street near Baker's Park
House - those hoopspoles were
consigned to the Defendants -
I suppose it was between the middle
of September & the early part of
October I examined those hoopspoles
to ascertain their quality - I had been
in the habit of buying hoopspoles from
the Defendants & they wanted to sell
them to me - They were not good -
A portion of them were dry & were cut
the season before - they were not fit for
use they were dry & rotting - Possibly
one half of them were dry & rotten & unfit
for use - In fact I don't think that
any of them could have been used
by a Cooper - ~~tho~~ I think some of them
might have been used for lining
hoops - I did not consider the lot
merchantable at all -

For Coopering purposes I would not have hauled the lot away for them - The Defendants requested me to try to make sale of their hoop poles I tried to sell them - I tried to sell them to two Coopers & they would not have them at any price.

Cross Examination

✓ At I considered that the small hoop pole were not fit for making ^{Keys} poles - The bark on this pole was too thick & too rough - They were all unfit for barrels or keys ✓ It requires a larger pole for a ~~flour~~ ^{barrel} than for a flour barrel - It takes equally good ^{hoops} material to make flour as whiskey barrels except in size - ✓ White oak poles do better on whiskey than on flour barrels - I did not see any Hoghead poles that I ✓ remember - I was there when Mr. Barron was separating the poles - I did not mention to the Coopers to whom I tried to sell the poles that there were any Hoghead poles among the lot - I think they were making flour barrels at the time -

Re Direct

The two Coopers to whom I tried to sell

4

The poles saw them - the poles were not
~~not~~ fit for barrels of any kind -

Plaintiff moves the Court to exclude
the depositions of Isaac Jackson,

in this case for the following reasons to wit.

1. Because said depositions & the evidence
offered with respect to an irrelevant, immaterial
& do not support the issue.

2. Because it is hearsay &
not admissible by law.

3. Said evidence being improper &
inadmissible is well calculated
to produce false & wrong impressions
against the rights of plaintiff.
